only resource, we have to ~~replenish~~ ^{replenish} our bodies

(H2O) here on Eastham Unit, its

so bad, that there's signs telling our

(family) that comes to visit, not to drink

the (water) but its okay for us inmates

to drink it, I'm trying to get the

concept is it called population control

because if you've got something you're supposed

to be aware, but they wait 3 1/2 yrs to acknowledge

the systems you stress them ~~at~~ about, then they

notice it (through) (DNA) test an start treating

you for something you had no knowledge ^{of} having
