Dear Papi

well I have received your comment, But I am kinda confused; But I'm new at making responds to my Blog comments, so IF you would have left more lines maybe I would have understood it better. so IF you have more to say to me please feel free to do so. And IF this was just meant to let me know that my Blog post was put on the computer then I thank you so very much. IF you would leave more lines next time Papi to where I can understand then I would be very happy to give you answers of whatever you ask OK 😊

sincerely

Raul Leon
