## 'UP DATE'

August 15, 2017 been several months since my last post. Figured I needed to update everyone. actually I wasn't going to blog any more, but here I am again.

on June 28, 2017 at approx 2 P.M. I was sitting there in cage at Florida state prison G-wing 2303 when the officers yelled down and said, "Clark pack it up!" I said "Where am I going?" They responded "Across the River." Union Correctional Institution is only a quarter to a half mile from F.S.P. I could see this building P-Dorm from G-Wing.

I hated to leave a couple of my brothers behind, but other than that, I was glad to get away from there. Well I also miss a lot of the officers. We had some really good officers over there, but I do not miss the poor sanitation. That place is nasty.

But I wasn't over here a week's on Wednesday 9am July 12, 2017. Sgt and 2 C.O.'s come to my cell, "strip Clark". I go through a strip search, I'm put in a holding cell and for 2 1/2 hours two C.O.'s (Correctional Officers) tore my cell up. When I get back and start cleaning everything up, I notice paper, pens, markers anything I can write with is gone. Okay I see what this is about their trying to stop me from writing. I had pen, paper and envelopes within an hour and began writing my friend who has political connections. A lot of my stuff was thrown in the trash, I was able to get that back within a couple of hours.

Well my friend did wonders. a Captain showed up here in front of my cell on Thursday July 20 at 5 P.M. he was "pissed off at me." Cussed at me as he left off the wing. I let it go. several minutes later my paper pens markers ect was returned. several hours later I went out and met with the Col. and major. Next day I met with warden Jordan the Assistant warden Kish and the Col.

We had a nice conversation. I have to say I like this warden and the Assist warden. They said if you have an issue come to them. They said this is not the same corrupt UCI that it once was, and Mr. Jordan said when he retires he hopes to leave this place in better conditions than it was when he found it. I'm still uncomfortable with several of the staff members that are over here. They were here fuck in the day. It is what it is. I'll only be comfortable when they put body cameras on staff.

One thing I liked about F.S.P. video cameras every where and audio recording devices on the wing. Over here at UCI P-Dorm, we only have video on the wings and yards. No video in the main hall or on the quarter decks or staircases. and no audio. Don't like that. Mr. Jordan has staff under control. But Mr. Jordan isn't going to be here forever.

Other thing I liked about F.S.P. you get your recreation every week. If you have a call out your going to get a yard make up. you may not receive the whole 6 hours, but you will go outside twice a week. Over here, not so much. Last week I received one rec yard and that was on Wednesday August 8, and only 2 hours and 34 minutes. Week before that I only received one rec. July 10-14. I only received one rec for 45 minutes. This never happened at F.S.P.!" I've tried to get 2 1/2 3 rec periods a week. Well that doesn't go over well here. But I've got something in mind to change the law, and require more out of hell time. Our cages are bigger over here. 9x7. which I like. At F.S.P. I can reach out spreading my arms and placing my hand on each wall standing in the middle of the cell. These cages over here, are alot

hotter! This heat and humidity over here is brutal! Food trays over here are clean, sanitation is better we don't have that black mold all over the tray lids sitting right on top of our food. Also the visiting park over here is a lot nicer. Overall, I'm glad to be back over here with the exception of 3 or 4 officers.

Mark Asay (Cattfish) has 9 days left to live. That's another reason why I'm glad to be away from F.S.P. just too close to death. Watching men be carted out in that white hearse. I'll be sending in another blog over the next several days. I'm trying to live within my faith and not be so harsh and judgmental.

People out there really do need to take Ellen DeGeneres' words to heart. "Be kind to one another." God bless you all.
