smiling is easiest
with true love
in my heart
it is sunlight
felt on my face
on rainy days
always filled with
hope and understanding
faith and loyalty
my true loves
kindness and compassion
joy and happiness

One more tear
flows from my eyes
they can't take away
the pain of death
of someone we love
but for a moment
our thoughts are clear
we are healed again
only for that moment
with the one we loved
then comes the moment
for one more tear.

sitting in darkness
I find myself
lost at times
all alone within
but can always
be found here
in this cold
lonely prison cell.

Thank you to Sarah
for your note.

The days drag on forever
now, my night are lonely,
but nothing compared to
the stillness of these pre-
dawn hours - I have to fight
back the tears at times
and at times they just
roll down my face.

No one hears my
pain, can feel the
emptiness in my
heart. Tell the world
I'm sorry I want
back in.

I will not ask why because I don't want to know the answer.
