"Sad Woman Blues"

i got the sad woman blues,
oh so so sad.

i got the sad woman blues
oh so so sad.

i feel so all alone sometimes
man, makes me feel im goin mad!

i got the sad woman blues,
im all alone in a man's world,

i got the sad woman blues,
im all alone in a cold world.

i wonder where my sister is,
Girl, dont cry, well both be sad,

we got the sad woman blues,
but were not alone in our sorrow.

we got the sad woman blues,
but it will be better tomorrow,

we will have a women's march
like good girls gone bad!
