The Government Allow its Agents to Enter into my House, your House and Physically, statistically invade mine and (yours) and or our love ones personal space because they was becoming ill and the Govern-ment did nothing to stop them or was powerless to stop them. But they never did think AS TO ISSUE you ~~a warning~~. Me, us A WARNING.

AS A MATURE, RATIONAL individual one deduce; the possible out come for conducting AN ACT that seems criminal But is in naturalty, justifiable in all actuality...

But what's the purpose of seeking such type of justice if it uproot the very fabricate of your life or functioning of the Government. Justice cleanse any impurity AWAY, without this essential component it becomes the same action of the ill cobra embedded in society.

YOUR LIFE!
YOUR DEATH!
YOUR GOVERNMENT!

one does not desire to cut the head off of the SNAKE to become the snake itself. It's fear, greed that prevented the Government from acting. "they wanted the supernatural powers (like in highlander) that come from the Governmental acts of accountability." But... The thing is... they established you as a sitting rabbit, knowing quite well that the cobra will strike and feed. The Government is more keen on protecting those cobras then you, their citizen...

curtailment of the 2nd Amendment. conviction and sentence to incarceration... The snake pit... concentration camp...

placing you in the criminal data based on unfound charges and malicious prosecution, wrongful conviction... so they will be able to know everything about you... This is what I know... That's; as long as I'm an African American citizen of U.S.A, of this world... They will always

in the governments that will treat me as a terrorist. Be an element, a very powerful element so if I'm treated and consider AS AN terrorist. I guess... if I should be a terrorist; I should be one All; citizens of this world Love, Need instead of; Hate and believe they don't need.
