

WHY ARE THESE SOBs PROTESTING THE FLAG?

Police officers are Agents of the State, which is why the State pays the damages when an officer violates your rights. Therefore, when police kill unarmed, innocent people, particularly those of color, they are doing so as Agents of the State. However, 99½% of the time these Agents of the State are given immunity for these crimes against humanity by other Agents of the State. NOTE: These Agents are also well-known, as Agents of the State, to frame for crimes these very same people whom they are prone to kill.

Every one of the States, in which these injustices take place, are part of a UNION called the United STATES of America. The FLAG, which NFL players & other people of consciousness are demonstrating against, IS A SYMBOL of this UNION that allow their Agents to kill-with impunity-people that look, dress, or just simply breathe like them. These protestors are only bringing to light the fact that ALL LIVES [UNDER THIS FLAG] DOESN'T MATTER.

Hey "president," think some of these Agents should be fired? I want to know.
