

'LAS VEGAS VICTIMS'

God awful tragedy, human suffering at its worse. And all we can do is ask why?!" Cause you can't stop a mentally ill madman on a rampage. But what the media needs to do, is stop mentioning these shooter's names! stop making these people famous?!" stop!!" speak only the names of the victims and never ever mention the name of the gun man. Cause that maybe an incentive, their claim to fame. we don't know that that wasn't the gunners motive. we need these shootings to decrease not increase. And God knows something is seriously wrong. violence breeds violence, and we have a violent society, the movies the video games, the internet filled with beheadings and violent acts.

my thoughts and prayers are with the victims of the shooting, Please if your reading this and you haven't done so already, make a donation of any size to.
