

Our Country, United Nation and Continent is without good leadership. What happens when you are without good leadership? People despair. Proverbs 29:2 when the righteous thrive, the people rejoice. When the wicked rule, the people groan. People are groaning everywhere from Sanctions, immigration, no tax bill, no health care bill, North Korea missile launching, resignation of staff at white house, firing of staff at white house, chaos, backslashing in the government, leaders mistreating their people, leaders who cannot stand up under adversity the first thing they do is go to twitter with American business or lashing out at people - Donald Trump. The solve all problems we need a new president in America this would solve ~~all~~ majority of America, United Nation and Continent. Without the proper leadership we are perishing ~~them~~ ~~down~~. We need somebody who is focus on what's important to the people. Knows how to make the proper decision in the behalf of the people. What is the Qualities of a good leader. We need somebody that Diligence proverb 12:24 Diligent hands will rule but laziness ends in slave labor. They don't pass the buck to somebody else to resolve the issue like depending on the Republican to come up with a health care bill on their own. Has trustworthy messengers proverb 13:17 A wicked messenger falls into trouble but a trustworth messenger brings healing. ~~Half~~ Half of the time they are colliding into each. Look at the Jeff session, Times Comey etc situation. Collision (crash, crashed). Don't penalize people for integrity proverb 17:26 It is not good to punish an innocent man, or to flag officials for their integrity. ~~How many~~ How many people in the government is penalize for standing up for what is right not going along with what is wrong in our government. We need to take a stand even if it hurt us. Listen before answering proverb 18:13 He who answers before listening that is his folly and his shame. Listens to both sides of the story ~~for~~ proverb 18:17 The first to present his case seems right till another comes forward and questions him. Being able to discern proverb 18:15 The heart of the discerning acquires knowledge the ears of the wise seek it out. Stands up under adversity proverb 24:10 If you falter in times of trouble how small is your strength. Times of trouble can be useful. They can show you who you really are, what kind of character you have developed. In addition, they can help you grow stronger. When Jeremiah questioned God because of the troubles he

failed. God asked how he ever expected to face big challenges of the little
ones tired him out. Don't complain about your problems. The trouble you
you face today is training you to be strong for the more difficult situation you
will face in the future. ~~standing~~ Stands up under praise proverbs 27:21
The crucible for silver and the furnace for gold but man is tested by the praise
he receives. Praise tests a person, just as high temperatures test metal. How
does praise affect you? Do you work to get it? Do you ~~work~~ work harder
after you've gotten it? Your attitude toward praise tells a lot about
your character. People of high integrity are not swayed by praise. They are
attuned to their inner convictions and they do what they should whether or not
they are praised for it. I need you to take a look at our government
leadership especially the white house. Do you see the qualities of a
good leadership ruling? Set down and think about it. If your answer is
yes, get a notebook pad write the ~~qualities~~ good qualities off to a friend,
college mate, teacher or just somebody close. Discuss them openly to each
other. If your peer has a different opinion it's ok. Discussing things helps
you to understand why you make the decisions you make. Second if your
answer is no. Do the same exercise but you are to jot down on your
notebook why there is no good quality of the leadership in our govern-
ment especially the white house. But your assignment is what solution
you have that can fix our problems in the white house. My proper
would be the second one. Absolutely no there is no qualities of a
good leadership in the white house. One thing is we have to learn
that honoring the wrong people back fires proverbs 26:8 like tying a
stone in a sling is the giving of honor to a fool. Sometimes when
someone in a group causes discord or dissension, the leader tries to
make that person loyal and productive by giving him or her a place
of privilege or responsibility. This usually doesn't work. In fact, it
is like tying a stone to the sling of a sling shot - it won't go anywhere
and will swing back and hurt you. The dissenter's new power may
be just what he or she needs to manipulate the group. This
what happened to the Americans, United Nation and Continent. Donald
Trump ran his campaign off of discord and dissension. The American
people voted him in. You made him that person loyal and productive
by giving him the chair in the white house (a place of privilege and
responsibility. Nothing is working. In fact it is like tying a stone

to the sling of a slingshot - it's not go the where and it's swinging
back and hunting Americans, United Nations and Continents. Since dissenters
Trump and team new power, it was just what ~~to~~ they needed to manipulate
the American, United Nation and Continent because one ~~to~~ Trump and his
team ran a campaign off lies and flattery the people to get exactly
what they wanted. Guess what they got it. So now it's time for the
American people turn it around in get what they want. Trump out of
the chair, impeached. However, I do agree on one thing that Trump implicated
that needs to be done about immigration. The speeding up of deport
of immigration. But I don't believe in deporting innocent immigrant that
is not bothering me or committing crime. I don't believe in separating
family because you feel they need deported because they over here ~~without~~
without a visa or been confirmed as United Citizen I feel if they had
working innocent immigrant that's not violating American laws leave
them alone. Get them certified as U.S Citizen because they deserve it.
I understand about them being illegal. Some circumstances deserve
mercy. Those who came because of special circumstance get them
certified as US Citizen ~~and~~ in leave them alone unless they violate
the law. If they violated the law. I believe in redemption. Giving
them another chance to become a citizen after 5 to 10 years of the offense.
That is one of the things our Governor Nathan Deal believes in Georgia.
People are redeemable. You just don't throw them away. Nathan
Deal is a ~~good~~ excellent governor of Georgia. One of the ~~groups~~
Groups that are given in Georgia ~~Prison~~ State Prison. MR T -
Moral Recondition Therapy - is a systematic, cognitive-behavioral,
step-by-step treatment ~~the~~ strategy designed to enhance self-image,
promote growth of a positive, productive identity and facilitate
the development of higher stages of moral reasoning. All of these
goals are ultimately demonstrated by more appropriate
behavior on the part of the program participants. Over 120 outcome
studies show that MR T significantly increases moral reasoning
levels, enhances life purpose, facilitates increased social support
and gives participants more perceived control over their lives.
Consistent research outcomes from a host of MR T implementations
shows that MR T participants have significantly lower levels
of re-arrests and reincarcerations in comparison to appropriate

controls. These results have been confirmed even in participants who have been released from the program for as full 15 years. MRT is widely recognized as an "Evidence-Based Practice" as well as a "Best Practice" as well as a "Best Practice" by numerous official governmental agencies and treatment authorities. Recreations - Prior to common usage of the term "ego" in psychology the 1930s the term "conation" was employed to describe the conscious process of decision making and purposeful behavior. The term moral reconnection was chosen for this system because the underlying goal was to change conscious decision making to higher levels of moral reasoning. Before I get into how this group changed my life, let's acknowledge the people who made this program happen. The authors wish to express their appreciation to a host of individuals who contributed to the development and evolution of MRT. The stage names used in this treatment system and the Freedom Ladder were primarily adapted from the published works of Ron Smotherman. Smotherman's simple definitions of the various stages were the framework used in building a more detailed description for each stage, which incorporated moral reasoning and other concepts. The more full stage descriptions and the exercises in the book were developed from the works of Smotherman, Erik Erikson, Gene Loring, Carl Jung and Lauren Kohlberg as well as from the author's own writings and client observations. Smotherman's concepts of personality stages were combined with Piaget and Kohlberg's concepts of moral reasoning. These were integrated with Carl Jung's concept of the persona, shadow and archetype. In order to get a copy of the ~~books~~ workbook mail inquiries to eagle wing books, Inc P.O. Box 9972, Memphis TN 38190. 1-901-360-1564 ccimat@aol.com so many times we want to fight useless battle that we don't have a plan for ~~it~~. ICIC, suicide bomber, MS-13, ~~Dr~~ King pin drug dealer basic high high crime rate of drug addiction. The battle is not on these things. But the battle is with the minds of people. Some people all they know is what they been doing all their life because that's what they was taught. So do you fault them for what they was taught some at a early age. For me all I knew was how to be co-dependant, being needy, had no self esteem so I was drawn to the

wrong relationships that lead me to a path of destruction. All I seen
in my family was unhealthy relationship. So to me it was the norm.
The only love I ever known was tainted love. The kind of love that
was poisoned. To me it was normal. So I dealt the same way in
my relationship with people. In MNT Freedom Ladder stage 7 - Honesty
Stage 8 - Trust. Disloyalty is the lowest moral and behavioural stage
which I was functioning in. I was at a place where I viewed the
world where it ~~can~~ could not be trusted and believe that everyone
else was my problem. They lies, cheats, steals and negative emotions.
So I didn't deal with people fairly. I cheated in my relationships. I
had negative emotions such as resentment. I will get you before you
hurt me. I always was the victimizing ~~and~~ and blaming others for
my poor choices in life. Today after being in MNT. I take full
responsibilities for my action. I am no longer in the stage of
disloyalty. I am honest in my dealings and I trust people
I no longer have negative emotion. Step 3 Acceptance - opposition
to raising awareness that I was blaming, society, the rules of the
unfairness of others for my problems and state in life. My incarceration
was as result of being in a unhealthy relationship and not listening to
my family. Leave that man alone. It's me that cause my incarceration.
So many times we want to blame others for our poor choices. Step 4
Raising awareness - Uncertainty. I had no sense of direction being in
this relationship or where I was going in life. He paid my bills. I
was young I thought this was love while at the same time he
was tearing my self esteem down. I thought given him good sex and
have his meal cooked when he got home was pleasing him. I was
young I didn't know no better my belief and moral judgments was
off. Step 5 Healing damaged relationship Step 6 Helping others
Injury MNT Step 5 Healing damaged relationship. I wrote letters to every
one I had cause injury to apologizing. As I wrote these letters I
cried. Saying sorry can hurt someone's pride if they have pride. ~~So~~
specially if you feel like the person got what they deserve. It's a very
humbling experience to tell somebody you are sorry and mean them
your heart.

The letters taught me to take responsibility for my own actions
Step 6 Helping others. For myself I've went to the store for people in
my community but just to do community service absolutely no.
Through this I learn it's good to help in the community. We went
out in the prison to find jobs, help others with their home work,
do hair, wash clothes etc. We had to get 9 hours of community
service. It felt good to see the joy on the people faces that
we helped. It boosted my self esteem to serve in my community
upon my release. Step 8 Short-term goals & consistency
Step 7 Longterm goals and identity. This stage of non-existence.
I felt my relationship with my husband and seeing about my children
was more important than having goals in life. I had dreams but
they had died. I had alienated that I could have a better
life and better relationship with others. Step 7 Longterm term
goals and identity taught me how to set goals that wasn't
far fetch and that was reachable for me and it was
cause me to be a better person and have a better life. Step
8. Short term goals & consistency taught me how to ~~stick~~ stick
with the ~~get~~ goals. Like if I am going to the grocery store make a
list of things I want and need to get. These are the hardest steps
because everything you have learn will be tested. Step 9 - Commitment
to change Step 10 - Maintain positive change Step 11 Keeping moral commitments
Danger and emergency - some inmates fall back into their old habits,
some hang on in their to change. For example in my group some fight
with cell mate, girl friend, guard, stealing out the dining hall etc. They
go to lockdown. When they come back to group they have to
repeat step one all over again Step 1 Honesty Step 2 Trust stage of
disloyalty because the group is created to get you out of the stage
of disloyalty so you can choose the right things to do in situation
that can prevent you from coming back to jail or prison. Step 12
Choose moral goals knowing how deal with the welfare of others
their conducts and are not quick to judge others. They attempt to
keep all their relationship, set goals, trustworthy levels where
they are held accountable. Step 13-16 Evaluate relationship between
Inner self and personality. Reaching Grace means one must give

myself to a major cause. In this stage, a person's identity fuse with others as well as a social cause. Doing the right things in the right ways is a primary concern. Value is placed on human life, justice, dignity and freedom. Gandhi King and Mother Theresa are a few examples. Yet what MS-13 gang has been done is not acceptable. But Donald Trump what are you implement in anybody life to give them a better ~~of~~ way of life by saying your going to destroy them? Just say these people walk away from the MS-13, Crips, bloods, ~~and~~ drug cartel, robbing, killing, prostitution etc. What do you have to offer them and their families. For we all know this is not the moral way to live your life. I cannot remember this guy name that was on Steve Harvey. He open a car shop that reconstruct old cars. He is pull the ~~gang~~ gang members in teaching them new skills. Now some are college students and productive citizens. Now they can support their families and lives the correct way. This is redemption that Nathan Deal has been talking about. These are not wild animals your deal with Mr. Trump. These are human beings who has no direction in life and dont know how to set down in writing out their goals in life. Their dreams has been demolished by their lifestyle. Whether it was of their choosing or somebody else chose it for them. We got to deal with the midst of people and get to the root of the problem. Not create more problems. This conclude this session.
