

A NEW ANTHEM

Oh say can u see
José did u see
DACA bein murdered, u, R not allowed 2 dream
Presidential propoganda, opposite ov DR. King
He iz not our leader, so we stand 2 take 2 knee
dis iz da new Anthem, hashtag when we tweet
Black Lives Matter, lookin @ my skin
I aint black, but it dont matter
equality put da Window, so broke, lookin shattered
by the leader of da Klan actin like a madder hatter
White House cyber bully key pad pitter patter
dun make his way to sportz, WORKIN down da Ladder
Collin's outta work, Billy Bush, whatz sadder
Proud when He bragz, "I dont ask, I Just grab HER"
Wont shame a killer cop, OR Nazi & He'd rather
spew hate & divide, usin' wordz like daggerz
Speech aint free when it cost da jobz we gathered,
Still we take 2 knee, CAREER suicide
Land of the free iz only freedom when u die
Thank HER for HER service, put HER life on da line
protectin freedomz & da flag that we fly
made HER useless & revoked all HER rightz
Cuz she was born 2 He, Transcend 2 girl from 2 guy?
Watchem all unite & take 2 knee for their PRIDE
Homophobic spurz
Over compensating, You hide behind your wordz
Scratches on your back & the lowest selfworth
Cuz the thingz u hate da most, iz da love u prefer
Take 2 knee for your shame
Slave to your own brain
take 2 knee in your own chainz
u full ov fear, we could neva be the same
and no matter what u say
u R not the leader ov da home ov da brave

- Loutah
