Harsh whispers

Soft lips

Last night's dreams

Seeping away

as I eat cold cereal

Days bleed into months

years flake away

like dead skin.

look around inside

I am telling you

God left something important out.

even though I broke her heart first.

Every tear

that slowly

drips down

my face

I imagine

its an

angel kissing

away my

pain . .

I live in a world
made of braille
without fingers

one day
As you stare at your reflection
and notice your faded beauty
that time has begun to ravish your mind
that smile you see belongs to me

- Free Ride - 1-25-07

In this toxic wasteland
I've caught my soul
on the side of the road
with its thumb in the air
trying to catch a ride
out of this hell I've created -

- Ravens and crows - 11-25-13

I am the shadow
of the flying bird
forever grounded
between two worlds -

my wife no longer loves me

its right here in black and white -

- Mothers last breath - 6-21-14

As you slowly die

Selfishly you deny us

the decency of mutual forgiveness

As in life and in your death

I'll never feel good enough to be your son

So I'll be stuck

With a chest full of disgrace.

I hear my children laughing and playing in the silence

I taste their fears ~~upside~~ through my own tears

this hell I suffer is self imposed

my children have suffered because of me.
