What the @#\$%! was I thinking?

I have a great value on tranquil moments when I can decompress, dream about walking on the beach, camping away from everything or just watch a beautiful sunrise.

Time is a river with tides and currents that washes everything away with it. What is behind us and what is before us or tiny matters compared to what we carry inside our hearts. ♡

I would like to be surrounded by love, support, and encouragement on every side, in every endeavor. Not just a second thought.

Old Age: wrinkles, baldness, missing teeth, and aches & pains 😊

Beach people, mountain people, lake people, river people, country people, city people, ocean people, boat people. I love all of them. ♡

I love the silence of a dark and clear night sky - I love holding you in my heart anytime. In my deepest, blackest nights of despair, if I could just get one pinhole of light I could find my way until daybreak.

When the shoe doesn't fit don't wear it. The same is true of everything in life. Eat less salt.

Saying goodbye has never been easy. So before I do I would like to have one more dance. ♡

You are the most beautiful woman in the world in my eyes, my best friend and the love of my life. Every chance I get I will show you off to make everyone else jealous.

Read a poem you like out loud, preferably one of mine. The words and images will soothe your heart.

Forever & Ever

Love you
