SHADOW

When the shadows accompany me day and night,
and I can't see the light most the times,
and feel overwhelmed with the burden of grief!! and
the Tormenting sorrows, I wonder will I be
able to see tomorrow.

Tomorrow is not guarantee to not Human Beings.
LIFE, so precious and unique, only one!!!
Life doesn't come with a gurantee...
...But when you care and love someone
a friend a family, LIFE is
frigile and I care and I love... But know my
loyalty love does come from me with
a guarantee, and it is for ever, Be braver!!!!

When our love one departed from Earth and when the shadows
leave and walk away from them sleeves but not from me I am
still in total darkness... The griefs that comes within
the times remains and does reminds me of how I have yet
pay with my life and the sorrows after all this years bends
me down with a force that is to much ad and I feel in dis-
pair.

Walking in the shadows all my life almost made me blind.
I try to look all around but I can't hardly see and the days
comes into night and here I remain for four decades behind
this steels bars.

In the darkness I have felt lost and my inner hurts makes
me feel so sad and as if I was dead and became a ghost..
Depression is a company not requested by me and here day
and night the light I seek. Everything that I ever known
fades away in this total darkness.

Most of the times the shadows win!!! Those shadows are
part of whom we are, we are mortal, we are human beings
and the hurt and suffering will bring us pain and every
things is everythings.

This journey of life is not a easyone for most of us and
what had happenned is in the past!!!!
In this journey we love life in the low and high and we are
taking for a ride in the shadows that comes with a surpeise.

Love them and keep the memories, we all have that destiny
and one day we also will leave.
Walking in the shadows day and night, looking at the light
that is only a desapearing dot.
