

RE: GOOD NEWS FOR THOSE WHO FOLLOW THE UNJUST INHUMANE TRIAL AND TRIBULATIONS OF RACISM, CORRUPTION, FASCISM AND WRONGFUL ENSLAVEMENT AND WRONGFUL REENSLAVEMENT OF THIS NOBLE, COURAGEOUS AND "INNOCENT" BLACKMAN

Now you can email and video gram me directly through JPAY to the slave plantation/Commercial Concentration Camp that I am being held 'hostage' at in ohio - and I will email/video gram ypu back.

I am one of amerika's last living active sixties Black Panthers", a proud and nobel man who has fought for dignity, equality AND JUSTICE MY ENTIRE LIFE standing up again oppression and governmental racism. And undying warrior who will fight until the bitter end.

I will not quit, I will not surrender and I will never retreat. A man who walked with Dr. King In Alabama during the sixties.

You can even talk to me via collect phone call through Gobel Tel; it cost only one nickel(.05¢) per minute from any state in the Union, day or night..

DON'T LET "MY STORY" DIE WITH ME!

Imagine what I am feeling and thinking to have been wrongfully enslaved for a crime in California for 14-years; for a crime that the named victim testified never even haopened; and the KKK used an illegal alien with thrr anchor children to come to court CHANGE her original statement that she didn't see a crime to she did all to stay in marikkk and to receive a federal U-Visa. The alien's husband according to her stated that she was a liar; he was an amerikan citizen; the police dispatcher testified that the alien was a liar because she initially reported to her that she only observed a distirbance and not a crime; of course the named-victim testified that the alien was a goddam liar.

imagine what I am feeling and thinking to have been kidnapped and dragged back to ohio from California to die in slavery for the crime of not making a reporting call 19-years ago(in 1998) of which the KKK didn't think about until 2013. Now I am condemned to die in slavery until 2060 for not making a phone call in 1998 - to complete a sentence imposed upon me for a non-violent offense and my two white codefendant in 1983, w who were granted their **FINAL RELEASE 30-THIRTY YEARS AGAO AND SIMPLY BECAUSE I AM A BLACKMAN, A REAL MAN I MUST DIE AT THE HANDS OF THE KKK.**

NUREMBERG
... AS A FELLOW HUMAN BEING, LISTEN TO WHAT I HAVE TO SAY, ALLOW ME TD TO BE HEARD, WE ARE ALL ONE PEOPLE AND AN INJUSTICE DONE TO ONE OF US IS AN INJUSTICE TO ALL OF US. No different than the Namber Trial, when THE average German citizen were asked WHY? did they stand idely by and allow Hitler to commit the atrocities that he committed?

MY QUESTION: Why are amerikan citizens standing idely by and allowed these facist savages/idoity torture and kill innocent blackmen, ripping off the stupid taxpayers. *To*

- 1). Feel the measured, mannered passion and pain in my voice over the phone; something that you will carry with you for the rest of your life.
- 2). See the face of a beautiful elderly blackman as I speak via video-gram stating the facts of my internment.
