Hi Nate,

Hopefully you have received the letter I sent you a day or two ago, which included a couple of papers for you to read.

You had indicated a while back that you would like pads of papers but, if I understood you correctly, the pads could not use staples. Thus, I ordered some pads of paper that do not have staples and they just arrived this afternoon. I am sending two of them to you now and you can tell me whether they are what you want and if so when you would like more. In addition, I am including a reprint from Wikipedia. It is not one you asked for but looks like one in which you will be interested.

I will be pretty busy for the next few days but plan to write again this weekend.

My best wishes for the New Year. I hope it will be a better one for you.

Sincerely,

Note: The paper he sent me was denied & destroyed. He's an absent-minded Prof! I told him it has to be ordered for me from JL MarcusWisconsin.com

item # 553 , \$3.28
Y'all know what I use it for, so, order me some if you don't have babies or student loans. !!

Re: Unreturned self-Portrait.

Charlie,

Enclosed is a large S.A.S.E., well, unaddressed (someone mailed it to me, but I can't have it, must mail it out). Please use it to send me a couple ^{full} printouts of the self-portrait that was posted on my blog - Prometheus Writes! - on 30 June 2017.

I did supply you with a SASE so you could return that portrait after it was posted. But I never received it back?!

That said, you'll notice Dr. Zig's letter to me on the other side of this sheet. Dig - he's M.I.T. alumni! Feel free to connect with him zigmond@pitt.edu - he's a neuroscientist, studying the neuro-damage caused by solitary confinement! (I ~~could~~ wrote him, after reading his article in an old issue of American Scientist)

F-ing serendipity!

Benj. Sugar hooked me up w/ some text on consciousness, A.I., which I told Ziggy about & he's sending me stuff too!

Me being an I.N.T.J. on the Meyers-Briggs, & Zigster being a Mensch, I got him working on "The Prometheus Project", which we'll do on Facebook (so we can post stuff names, unredacted documents, etc.) & enable intelligensia (a Binghamton Anthropologist is f-ing w/ me too!) to freely commun. about their various studies/reports on prison issues, with Progressive aims, (You, Benj & the rest @ BtB will be kept current & my blog will be linked....).

For now, anyone who wants to help or be cc'd, they need to contact "We" need donations, sent to - for running our future facebook page & covering postage, etc. - but we don't want such from you/BtB, as you have your own needs,

This & more (helping with multiple lawsuits) is what I'm up too.

Charlie, go ahead & post this letter on my blog & Dr. Zig's on the other side.

My Best.
