

Self-Worth

The most important thing in the Olympic Games is not to win but to take part, just as the most important thing in life is not the triumph but the struggle. The essential thing is not to have conquered but to have fought well.

— Olympic Games Creed

Reflections

note:

Sadly, Narcissus has no Echo in this game of Reflections who will handle this case to discover the logic learned within the experiences journaled. Therefore it is necessary for me to produce a soliloquy for M to rationalize B, for the audience BetweentheBars.org.

B etweenthebars Echo: Let's see you rationalize your Narcissistic #2.

M: Very well. As a preview I can rationalize the following 16 page segment by pointing out that nobody expects much from the Mediocre, and they're never disappointed.

Another thing I've noticed is that whilst I watch the Winter Olympics, these agonists are the best they can be by pushing themselves to surpass their limits. They're each competing against their own limitations — and that is all that is separating them from the mediocrity of status quo.

I've noticed in my journal reflections that sometimes my agonistic games place a lot of emphasis upon them in "authority" who I often mistake as opponents. They are of course only playing King of the Hill, trying to maintain their space in status quo. And I am naturally challenging their power to do so.

On page 1 of my 11-21-15 log, I clearly state my purpose: This religious dept. must be held to account — to work out Karma. Alas the opponent factor in this ennobling equation has never been the people, per se. But rather their position of power. The echo I see simply sez: "GameTrap". This alone is what impels me.

It's funny really; Religious Freedom is actually an oxymoron when you consider the definition of Religion in the dictionary derives from the Latin word Religare — to restrain, tie back. Reverend, Rabbi, Mahamad, et al, these frankpledge quislings in the matrix of Conformity are indeed opponents of Free Beings.

That being said, I've learned that when it's said that Any Game is better than No Game, it's because they don't understand FREEDOM! Willing slaves they be, positioned in another's time and space. Trapped by other determined conditions of existence.

I have always been fully aware that my agonistic effort to set the captives free, would consequently pay dividends for weal or woe. In leaving this wake in cyber space for you all to be the judge -

The Noble Eightfold Path: Right View, resolve, speech, action, livelihood, effort, mind-
fulness and concentration. Gain Right View, and the rest will come. Without Right View
one is not even On the path to Enlightenment. Enlightenment is purely Mental.

It is perfect understanding. It has nothing to do with the mundane endeavors of
human beings, such as trying to improve The self or the human condition. That is
the very stuff that is transcended. It just happens to be that the more one under-
stands their endeavors subside due to a freedom from such delusions as the
Conceit I AM and acquisition. When there is contentment there is no more lust
for sensuality which is the entire scope of mental experience including sex,
drugs and rock & roll. Addiction ends only when the drawback becomes greater
than the allure and that happens only through much suffering. One can easily see
the downside of things. But only when one has had enough suffering there will
be proper sincerity to quit. It is by suffering that we truly gain understanding.

Your standards of responsibility, ability and Management are self affirming
and are a form of self gratification or masturbation. This principle of selfishness
leads only to more delusion and suffering. The material plane can not be
improved upon; it is a fabrication and it will never not be that nor do humans
want it to be anything else because they lust after highs and lows and such
dualities. You seek after the "injust" so that you can "fix it" and "be"
the standard and champion of humanity. All along just feeding off the
Throne of life to sustain and grow an ego, I am this!

For as long as you cut up and quantify that which is essentially One the
view is incorrect", he sez.

Our deepest fear is not that we are inadequate.
Our deepest fear is that we are powerful beyond measure.
It is our light, not our darkness that most frightens us. We
ask ourselves "who am I to be brilliant, gorgeous,
talented, fabulous?" Actually, who are you not to be?
Your playing small does not save the world. There's
nothing enlightened about shrinking so that other people
won't feel insecure around you. We are all meant to
shine as children do. We were born to make manifest
the Glory that is within us. It's not just in some of us,
it's in everyone. And as we let our sun light shine,
we unconsciously give other people permission to do
the same. As we're liberated from our own fear,
our presence automatically liberates others.

2/23 VIATOR IN RECONIS ARBORIS - L. Traveller in the Kingdoms
of the Tree. Before the beginning was a Cause and the
entire purpose of the cause was the creation of Effect.
In the beginning and forever is the decision and the decision is To Be.
The first action of beingness is to assume a viewpoint.
The second action of beingness is to extend from the viewpoint points
of view, which are dimension points. Thus there is space
created, for the definition of space is: Viewpoint of dimension.
And the purpose of a dimension point is space and a point of view.
The action of a dimension point is reaching and withdrawing.
And from the viewpoint to the dimension point there are connection
and interchange. Thus new dimension points are made, thus
there is communication. After writing the above "Gift", I shared it
with JM - who had just wrote a rpt. on AHOM ... amazed at how his
questions were answered in LRM Gift, as if I had known to produce it.

3/13 Dreaming of MT Prison - Volunteer for Execution by FIRE. 2nd time naked as can be = committed! Last two days writing FREEDOM MAG article — sort of a **Swan Song**. Need P.S. to R assuring him I don't have 30 yrs to play this game. Everything I'm doing I'm doing as if I'll not have another opportunity — so I'm not bothering with diplomatic alliances built upon compromise and special considerations, etc.. If it weren't for this antiquated Sch-Dn Tech Dict and all the HCQB/PL³ clearing up MU's, I'd have caved-in for certain Pal. Simply Knowing KSW, pointing out (d) The Surface, means so much to my observations! Much the same with discovering Sad Affect/ ARC Break indicators; SP/PTS Handling, etc. The material available has permitted a Student of my caliber to Apply what I'm learning while engaged in opening a new frontier - era of rehab w/ Sch. Prison Outreach — to amend my shortcomings 30 yrs ago. Thank you for helping me complete that cycle here now. Thank you. POV Dimension Point Reach-withdraw elements of Comm, and ARC Break Insanity, has been a wonderful dance I totally understand and admire completely. No answer on Bridge calls yesterday — or today.

3/15 Third Level Response ditto 2nd Level - Denial, Concludes Adm. remedy prerequisite for litigation. R — If Seniors/Peers aim to give you any grief for SPO, there were NO OBJECTIONS when I sent 20+WIN rpts to all Int/Orgs Jan 2015. Public Notice establishes legitimacy.

3/20 Awesome! After a six day fast - the last four sans fluids, I'm awakened/revived with a saturday random drug test U.A.? A gallon of water couldn't get my kidneys to work! Funny, isn't it? At the gate of applying PR campaign I was facing a Refusal to test, which I couldn't permit. But the important thing from this exercise of starvation was simply re establishing I do have the power to engage in contests of Θ v Θ. And on the eve before the piss test, I seen the solution of Imams blk prop is simply PR ↗ reviewing my past history to Max... as well as AW Lamb > providing both Voice For HUMANITY magazine, as well as PE/LIC lit., making them aware of what it is exactly I've been intending to intro. to MCSF. They all know I've shown due diligence, both in establishing SPD, as well as documenting SP for litigation ... so now perhaps they'll consider the merit of SPD.
