

Government Shutdown

The government should have never been shut down. But enemy who was causing all the chaos. Should have been completely stop. God is not the author of confusion. But Satan are. For those who are Christian that works in the government knows exactly what I am saying. When I was in leadership or a position, I had to make decisions or go to a meeting. Then I do prayers I pray before I entered the meeting. because how many of you know. We can work with some of the most regressive mindset. I don't believe this is a Democrat or Republican issue. This is the mindset of the people in our government. We have to be ourself. Just because Donald Trump has stirred all this up about immigration, along ^{with} many other controversial issue. Somebody has to be the level headed one to say no I will not allow the foolishness. It's like swatting at a knot. when the knot is not even bothering you. We have to be careful of the wars we start with others. You're not going to win every war. Once again God is not ~~the~~ a God of disorder but of peace. Paul stated that God is not a God of disorder but of peace 1 Corinthians 14:33. The preferred alternative to disorder is peace. So often, in resisting disorder, Christians have opted for rigid, predictable and unvarying forms of worship in which God's ~~the~~ presence was difficult to find as in disorderly gatherings. When there is chaos, the church is not allowing

God to work among believers as he would like worship that is ~~done~~ done in a fitting and orderly way should not however, rule out God's creativity, joy and unpredictability. Do your part to have worship be a joyful, peaceful, winsome experience that draws people into it. Our work environment should be a peaceful and joyous place to be, worship is not just for the church. But we can worship in job by starting the day out with prayer with our co-workers who share the same belief. We don't have to be loud and be seen. In my job we use to go in the break room or in the office in close the door. Because everyone don't share the same faith. That's ok. But we are not to offend them like our beliefs are more important. I have been in prayer groups where the Christians fasted with the muslim. We read our bible. They read the chrone. We had prayer meeting. We held hands they prayed their prayer first, then the Christians prayed their prayer. There was ~~not~~ no arguing over religion. In life we have to learn how to do things decent and order. Get the self shames out of us. There should have not been no government shut down. Luke 10:18 He replied, I saw Satan fall like lightning from heaven. I have given you authority to trample on snakes and scorpions and to overcome all the power of the enemy. Nothing will harm you. However, do not rejoice that the spirit submit to you, but rejoice that your names are written in

Heaven. For the ones that work in the government
that are Christian know what I am saying.
You have the authority to change the atmosphere
in those meetings. If you don't do it show
how later. I remember times when I was
in different leadership position or was part
of an organization I had to attend meetings.
With the ones I worked with, their was always
some involved with negative mindset. I had
to pray to change the atmosphere. Everything
worked out well. Currently on my job there
is this one girl who I work with. She is
real jealous hearted and devious to everyone
on the job. She is out for self. My other two
co-workers is tied of her. I been praying
Overcoming ~~Against~~ Negative work attitudes.
She comes to work but she cannot stay
around's to long. She leaves. When she
does the atmosphere is so peaceful and
joyous. Without her negative. In three week
you all have to decide whether government
is going to be shut down again. For the
ones that Christian. It time to take authority
over this situation. God is not the author
of confusion. You all need to pray for
Improving communication amongst the
members, success of a meeting and overcoming
negative work attitude. This starts with
self. see the prayers enclosed. It time to
Shift the confusion down, down.
Shift the atmosphere. These prayers written by
are not Jennifer Johnson
just for church setting.
