Thank you for commenting on the "creative flourishes" of my pen.
I agree with you about the Rich Surrealist narrative, of course.
Let me guess which Bob Dylan song you're reminded of, I'd say:
Bob "Going, Going, Gone" ⚡, right?

I have kept his Planet Waves CD for years, all the while selling many others out of my collection for food items or cosmetics I needed in the war zone of my own making here trying to wake-up Sleeping Beauty. A list of other CDs I've kept include: Van Morrison - Tupelo Honey and - Live At The Grand Opera House Belfast / Underworld - Oblivion with Bells / Markus Schulz - Toronto '09 / Joy of Life - Karunesh / Great Hymns Treasury (instruments only) / In Harmony with Nature - Rhythm of the Rain / Serenity Meditation - The Wolf / Beethoven / Mozart / Bach / Meditation-eloquence / Dr. Jeffrey Thompson - Awakened Mind System and - Theta Meditation System 2.0 / The Wayne Dyer CD Collection / and of course all the Hubbard Lectures listed on Scientology's Materials List.

Aside from Hubbard's Lectures, I acquired all the others from doing tattoo work before I was granted solitary accommodations in 2014. I haven't done any tattoos since then — and these last CD's listed above are all keepers I refuse to barter away for ^{any} amount. Have you ever looked up the definition of INSTRUMENTALISM? The mentalistic nourishment I get from them are phenomenal, as is evident I hope.

Your suggestion about "Automatic Drawing" is well received. I suspect you probably understand the aesthetic mind will help me to rise above the analytic mind battles with the reactive mind traps. Have you ever watched The Matrix? That's the "first things that come to mind". The Hive mentality, plugged into the dream machine — Hence ^{778²²} Awaking Sleeping Beauty. I call this piece your suggestion inspired: TRANSCENDING the Octagonal Hive Design of Zeitgeist, viz: Genesis 7:7 and 17:12, the 8 souls on the proverbial ark ushering in a new world order of circumcision — defined as: a Jewish rite, as a sign of inclusion in the Jewish religious community. Yes indeed, INSTRUMENTALISM is the Power-Source of the Matrix to overcome. I've discovered. That is what makes it so difficult to awaken others who are spell-bound to forget that there is much more to life than the Mundane Concerns capturing all their attention. Do you understand all this?

I'm reading a book from Anthroposophical Prison Outreach right now titled The Great Initiates — A Study of the Secret History of Religions, by Edward Schure (ISBN 0-89345-228-9). It seems to me that Noosphere Engineers have been enslaving thoughts — and corresponding thought-forms — for a very very long time. Do you know what the aprons of fig leaves represent in Genesis 3:7? Compare Matthew 21:19/21. And then consider the latin derivation of the word Religion.
