

"You can lead a whore to culture, but you can't make her think." - Dorothy Parker

Dear Readers,

02-27-18

Howdy! I hope y'all have been well & happy.
A couple of readers have asked about my
Valentine's Day, & I must say that it was
probably my best one ever. Things with Gosh,
my "Boo Thing," have been WONDERFUL!

I had plans for Valentine's Day for weeks.
I used both my typing money & my massage money
to go all out. I had a couple of people buy a
gym bag, some "wife-beater" tanks, and... a jock
strap (that last gift was partially for my benefit).
I got him a card, of course, & I found someone
else who owed me who shopped at Commissary that
day to get me 2 ice creams (different flavors).

With the ice creams, I got 2 bowls & put 3
zebra roll cakes on the bottom, then put 1/2 each of
the two ice creams over that, & topped both bowls
with one each of those extra large dark chocolate
bars. Yum! Major sugar overload.

I am totally in love with Gosh. I know that

I've talked about various guys before, but no man has ever treated me as good as Gosh has - probably in my entire life. I look back at other past "loves" - like Travis - and I am beginning to wonder why the hell I ever put up with him.

And what kills me is that Gosh will be getting out in less than two months & I'll be stuck with dealing with losers like Travis all over again.

Now, I haven't mentioned this before, but a couple of months ago I'm pretty sure that someone insinuated that I was (am) a "cougar," whatever. For someone my age, I'm actually in good shape. Most guys my age (or younger) have totally let themselves go & are completely out of shape. I am lazy & don't work out, but I've managed to stay slim & still look OK for my age.

So sue me if I prefer young, attractive guys over old slabs.

About Gosh: I'm pretty sure I mentioned that he's 28 (I was in my 20's when he was born). He's 5'6" whereas I'm 6'2". He's really stocky & muscled. He's bald & has a close-cropped beard with brown eyes, generous lips & a killer smile. He is so very handsome & sexy.

He's from Huntington, WV, & grew up in a bad neighborhood. He's a total ghetto ~~thug~~ who speaks the lingo & listens to Hip Hop. He's married to a black woman (he's white & plans to divorce her as soon as he gets out).

His family has sold drugs in the past & so has he — most any drug you can think of. He's robbed people at gunpoint. He's been in and out of prison & has done it all. He's openly bisexual & doesn't give a damn what anyone else thinks.

I have no idea what he sees in me besides the fact that I am totally devoted to him & worship the ground he walks on.

In spite of his gangster past, he is determined now to open a store & various other businesses & make a ton of money thru hard work. He has previously had booths at a flea market & his own store. He would buy pallets of merchandise & sell that stuff on the pallets either at the flea market or at his store.

He is constantly researching businesses & ways to make money. He is very driven.

I had my interview for Union last week (the prison industrial slave industry). I was dreading

working there 'cause you have no free time after work, but I really needed the money.

Well, instead Gosh has decided to sponsor me in getting involved in leather crafts. The plan is that I'll make purses, etc., & send them off to him after he gets out & I'll continue to send me money. There's a risk, but I believe in him & I'd rather do that than be stuck in Unicor.

Gosh gets out in less than 2 months - on April 26th. I am going to be a wreck when he leaves. I spend almost all of my free time with him now. I rarely even watch TV or read anymore. We spend time together either in the cell or lately we'll go to Rec together & hang out or go to the Leather Shop & apprentice for another couple so we can learn the business.

I don't know how I got so lucky to have him in my life, but I haven't had many bad moments at all since we met. Thank you Aphrodite!!

Until next time...

Love & Blessings,
D

P5 - I almost forgot. For Valentine's Day
Josh made me a necklace with a braided ring-
type pendant that said "Joshua" & had a heart
on it. He even made a display ring box for it
that took about as long to make as the necklace.

It was really nice & thoughtful & I absolutely
love it.

He had no idea that I was doing any of the
other stuff & he was really surprised.

XOXO
