Oh yea, we're doing this here, huh?

How nice of you to drop-in.

To answer your question about how long it takes for me to get your message BTB, the blog-master printed your message 1/28.

Drop in sometime

So... it's slower than snail-mail, but certainly better than nothing, especially considering the great gulf of Luke 16:26.

On that note, it's so good to see you all out there in the land of the living ~ living it up. Please let everyone know that you all remain in my prayers several times a day ~ every day. They're all welcome to visit me here BTB too. Or if they prefer privacy, they can write me @ W. Goehler, #K-77832 POW 409020, Lone, Califelony 95640.

I'm attaching 14 pages here for you all to see what's happening in my world. I don't quite believe that I'm a real candidate for this Elderly Release thing ~ but what do I really know about what to expect five years from now when I turn 60?

As you see by my blog posts, I've been enrolled in Human Services college classes learning how to be a better "HELPER", when I'm not facilitating our Scientology Study Group - helping people learn how to think for themselves. So who knows what Purpose I'm currently in training for? One thing is certain though ~ regardless of future scenarios, I'm impacting peoples lives in the here and now ~ and these people do have release dates and families to return to.

Ironic, isn't it? I couldn't raise and nurture my own kidz, but here I am 20 yrs later striving to provide re-Mabilitation services for others. Life is a trip!

Be blessed.
