Blog-Post: one page.

This Is A cry For Legal Assistance Needed. I have been doing Time 22 years Flat Time on AN Aggravated Life sentence. I was Accused of Killing Two People who had been my good Friends. It was A man AND His mom. Both of these people were Like Familie To me ever since they had come From California 5 to 6 years earlery I had met them 5 Ago when they Both were on Northside of Houston, TX. Anyway the state only had one so-called witness And that was Inmat who had met In 1995 Oct when I first came to Jail. At that point In Time this Inmate were doing Time on his first Robbing Pay-Phones: this Inmat made A deal with A Prosecutor FOR just A leniency on his own case: so the state had No other Evidence But circumstance there were No Physical Evidence OR No Fingerprints. And there were Nothing to connect me to the murder. sence. only evidence there was 3 other witness. And All they could do was to verified that I was At A House party on the Night Before these people came up dead: I Need ANY Pro-Bono Lawyer's OR Any volunteer Lawyer's OR Even A Attorney's that Takes on Cases FOR A Percentage

Blog-Post Two Page's.

my Trial Attorney did Not do ANY Thing to Proper For my case I gave her Addresses of witnesses to subpoena the Lawyer, Court Appointment For the Indigent. my Attorney didn't do ANY Kind of BACK-ground Investigation on my-BACK ground OR The JailHouse witness she Never did A Reputation Investigation to see IF The Jail-House witness had ever had ANY Kind of A Psychiatry test's And had taken medication For this TYP OF emotional behavioral disorder. I Also have Just Found out. the Deal This Inmat made with A Prosecutor involved Bribery: under code, crim. Proc. Art 36.02: This section OF constitutional & statutory sections Legualater LAW even covers A Prosecutor For making Deals For testimony For benefit on either side The Prosecutor OR A -- -- Individual's either one Who OFFERS OR Accepts A Promise For benefit committes AN OFFENCE.
