god bless u precious princess priska

it's april 11,2018 n i just wanted 2 touch basis with u... so how goes it? hopefully well . how's school ?  
life? r u dating ? whatever ur doing walk in wisdom it promises 2 b beneficial . ask me how i know !

here's a question :what have u learned new about priska ?

i'll answer my own question ...

the other day i learned that i'm prone 2 b impatient with people because growin up people were especially impatient with me,mainly authority figures,foster parents,etc. if i did do somethin right the 1st time i was called "stupid" among other names that hurt my self esteem n belittled me as a person . never mind that i didn't know how 2 do the thing they were yellin at me about. how can u do somethin when u dont know how? reminds me of a quote: a man can only operate of the knowledge he or she possesses

newho what happened 2 me is another reason y i tend 2 b impatient n hard on myself well gotta go  
i am we love dad
