"Epiphany"

Not conscious of everyday life,  
And some people help to shed some light...  
But why am I nieve to such help,  
When bettering myself is suppose to be priority delt...  
Oblivious to my flaws that others clearly see,  
In denial, I become when there reveals to me...  
Because in my eyes flaw is not upon my character,  
Which is a lie because a flawless life is a rare factor...  
So I ponder what darkness has been brought to light,  
And accept the truth, to what's called life...  
As I sit here with 14 months left in prison,  
Wishing I can rewind the clock's ticking...  
But the only thing now is to change from my past,  
And re-write the script to be free at last...
