my (month old) emails from CorLinks (the prison email provider)

ps 2

Let me explain.

Stamped envelopes cost 67¢

emails cost 5¢

So doing the frugal thing I emailed my responses 2 U. We only get 15 minutes so I sent ur letter in installments. Think it was like 6-8 emails. Call me loguevers (I like that word) ☺ ~~with the number~~

Seem how I haven't heard from U, I decided 2 reach out the old fashion way - pen - n - paper. Don't think I'm gone email blogs NB more. I thought technology would B more reliable. If I can't trust a simple email how can I trust ~~the blogs~~ NB of it. Meanwhile prayn but get n a Facebook page - only 2 reach a broader audience w/ inspiration, positivity, encouragement, Life, love, Jesus, a smile, Hope, togetherness, ~~advice~~, the sabbath side of prison. Might - if I do it - help me network / find a job - n - even sell books. N honestly I would want 2 have my release from prison put love on Facebook least 4 my ~~daughter~~ daughters sake. N Even 4 "I'm not goin back sake." Amen. Maybe use it as part of prison ministry - n - or TED Talks. Herel knews.

So how R U - really?

Is every one in the family OK?

Ur  ?

NE new poems? experiences?

(I went 2 a Bell of the Bluff concert - interesting

-n- got a new group that starts 2day called
