"True Love"

My heart is beating,
Everytime I see you my hands start to sweat.
Love will make you do crazy things!
Love is a good feeling even better then drugs,
It's a high that no drug could make you feel.
Trust, Loyalt and Us,
Is a feeling that at times people will kill for.
Could love hurt you?
Yes only if you hurt love.
And time will surely bring this new feeling to life.
So let's trust in this true love.
