NO REGRETS. NO CA

Halcyon has made her roost long ago

Calming the tempestuous emerald bed I've made.

But I grow despondent so long adrift

Ne'er albatross in sight, nor dreams of safe harbor.

A requiem I hear growing near, without regret or fear
as frost bite sets in and vision fades.

As the day dawns on the eve of '03, I sit at my desk gazing upon my wall of fading memories vigilantly posted as daily reminders of all I've left behind. A melancholic cloud has obscured dead-reckoning on my weather-worn sextant, in this gloomy month of Yule. Rarely a page from mystical tome read with comprehension ~ mesmerized by Zenith (TV) strobe, and falling further into the neurasthenic abyss ...

My beard grows; hair unkept,
Muscles atrophy, mind melts,
Soul grows old and tired.

"Two are better than one; because they have a good reward for their labor. For if they fall, the one will lift up his fellow; but woe to him that is alone that is alone when he falleth; for he hath not another to help him up." - Ecc. 4:9/10

Part 2 of involution, you say? In the protAgonist or antAgonist role, it's all about Beingness, isn't it? You of course know what an Agonist is, so at this stage, there at Gtadsheim, I'm left wondering if your shadow boxing bout with Iustrum "reflections of psychodrama" is just really all in your head. In times of peace, what is a warrior to do - right? I get it!

Okay, I called upon Sigdrifa about this, and she assured me; One day, she said, it just clicks... You realize what's important and what isn't. You learn to care less about what other people think about you and more about what you think of yourself. You realize how far you've come and you remember when you thought things were such a mess that they'd never recover. And then you smile. You smile because you are truly proud of yourself and the person you've fought to become.

You say, certain complexes need freed from their fetters? Dude, your complexion is evidence of the Life you've lived. I love your life, brother! You're a hero to so many of us who struggle TO BE ... Siegfried. Peer into Penguin's Dictionary of Symbols at Siegfried, to see what I'm saying.

You've survived the ordeal. You've been ordained a Minister of ^{Pg 3/6} Universal Life. From my point of view, that's a good enough niche to have in the role as Rig, out there in that sick world where the autopilot of mediocrity is suffocating the very Life essence out of creative imaginations.

Who was it that said; The moment you doubt whether you can fly, you cease forever to be able to do it? To hell with doubt! We are revived by Knowing Cause. We all get what we deserve in Life. Freedom isn't free. Freedom is the reward of Understanding, we all get what we deserve.

The real ordeal of an outlaw begins with Success, dont you know? We get so good at Being Agonistic that we lose our grasp of Being Noble, sometimes.

The heraldic standard of Rig, as you well know, is: Noblesse Oblige. This is the real New Order which we must all determine for ourselves. That "New" Order doesn't dwell in the past per se, but rather having learned from experience, one intends to re-new their purpose and succeed. With the cherished Laureate of Gnothi Seauton, your imagination determines your conditions of existence, you see? Beingness, Doingness and Havingness, is entirely up to you.

Care if I prime the pump some? I'll Be! Hermud, to ransom Baldr, upon my glittery gold and chrome Triumph, I name Gjallarbrú - the Bridge! And upon its glittery gold fuel tank I'll emblazon a ferocious looking Money Bee. For you see, I AM a Wood^sman who understands the Woodpile's penchant. I'll Have Bee colonies producing honey for me throughout three States, giving me something I'll Do, for the Goddess of the Nectare - and those homeless folk whose conditions of existence needs some ennobling purpose of self reliance too. I'd make it so a bottomless horn of mead would welcome me where ever I went... and where I'd relish in the bounty of the Honey Bee folk, who would of course — be marketing beeswax candles and Mason-jars of honey - not to mention bootlegging mead as well. Can you imagine it? All I'd want as tribute for this Hermud franchise would be a percentage of honey, which I'd deliver to other homeless folk in the area to help Sweeten 'em up. All of my other Bee colonies in the woods, I could sustain with sugar water at the very least while awaiting transport to local farms in the area on lease to do what bees do. What do you think? All in the name of Universal Life Ministry, makes it more of a challenge for powers that be to discriminate against as well. Gawd I miss honey!

Enough about me. Let's address your leather bag problem with Psyche. It is so sweet of you to refer to the 'leather bag' in the third person tense, by the way. In deed we are not our bodies. Nor are we our Minds, so Psyche only has the power we permit. That picture gallery is aberrated

— as you well know — that's the most "disturbing" thing about Shadows!
You wish to be free of them? Are you certain? You've got the Dictionary of Symbols, so look up the word SHADOW — and you'll see: In many So. American Indian languages, the same word is used for shadow, soul and picture. Then I'd suggest you go to page 1072 and study V.I.T.R.I.O.L., if you'd truly like to finish The Great Work. You're correct: "stirring up forces" is an indicator that there is something of significance there. According to the V.I.T.R.I.O.L. formula, it is very prudent to discover the deeper significance of similar incidents earlier and earlier in your psychogenesis. The paradigm of WRONG is always other-determined, which invalidates you Being right. Education is Key in (un-)locking the fetters! Tell me Sigard... why is suicide listed among the top killers of homosapiens? No other creature in the animal Kingdom suffers from mental illness — except a few of them who are domesticated. "4. to bring to the level of ordinary people" — in a sick world of mediocrity, is enough to spread that degrading disease! Understanding THAT helps one to understand the chain of acting out one's frustrations — TO BE = CAUSE. Magni and Modi are the heirs, for just that reason, you see? Look up the word FRUSTRATE and you'll see — far less shame of acting out TO BE = CAUSE. Being subjugated by 'ordinary people' isn't in my DNA, nor yours apparently. Shine the Light on your shadows bro, in accord with Genesis 1:2-3. They can't stand on their own under scrutiny. And knowing everything has led to this threshold of Liberty, embrace it AS-IS. I was a fuck-up in a fucked-up world... what's so hard to understand there? But now... I know better how TO BE CAUSE, and if/when ever there are corresponding frustrations, then Game-on bitch! A battle of Wills it'll be! Have you ever played WACK-A-MOLE? It's hard to hit one acting the Fool — especially when you know there is a genius to the one acting a fool.

Hey! Don't drown yourself to get over your agitation of past experiences, isn't enough to say... without revealing once again that psyche only has the power we permit. Ultimately the lower Manas must yield to the higher Buddhi-Manas, you know. Consider LOVE in the Dictionary of Symbols, to better understand the mythical drama of Psyche and Eros. Then look at EROS in Merriam's Web. You're doing beautifully, bro! And remember, your picture gallery isn't all bad! When you find shit you'd rather not recollect, give no quarter! In fact, recall that in its entirety — several times. Then find earlier incidents similar to it and recall them, each in their entirety. Get the earliest one and recall all the incidents on that chain from earliest to latest.

Then recall a pleasant incident which has happened in the last few days. Examine it in its entirety. Then you should recall what you were doing an hour or so ago. In this way, you're able to surface from V.I.T.R.I.O.L. without bringing those past experience residues into your present. If/when you'd like even more stabilization, Recall a time which really seems real to you. Recall a time when you felt real affinity from someone. Recall a time when someone was in good communication with you/when you were really in communication to somebody. Recall a time when several people agreed with you completely/when you were in agreement with somebody else. Recall a time within the last two days when you felt affectionate/when somebody felt affection for you. Recall a time in the last two days when you were in good communication with people/someone was in good comm with you.

Believe you me Sigard, this ends much better than a bar fight. And by the way... as a final note... its good to load up on B₁₂ and good protein, when ever you venture in V.I.T.R.I.O.L.. If you're gunna do it — do it right! What better time than now? What better place than there? You deserve to be free of fetters to the past. Inspect em, Understand em, and let em go! And since the Universe obhors a vacuum, what Beingness is it you desire to develop. Who is it you'd like to Be in the game of Life? What do you want to Do? To Have? You see, breaking free of the conditions of existence of yore, permits you to re-create (Gen. 1:2-3) your Present and Future conditions of existence. It doesn't have to be an Agonistic life once you understand everyone else is struggling with their shadows too. My god! The love you have to give as Rig — I'm in awe! Fare thee Well. For the Love of Truth.

To address your query regarding the psychology class: As is so often done, my contributions were impeded when I was given the choice to leave or shut up when the professor pointed out text book instruction isn't up for debate. I managed to shut up and duplicate psychobabble for the first 1/3 of the semester, but the second 1/3 addressed the racket of therapies designed to support therapist and secure the industry. Let's face it, the war on poverty — the war on crime — the war on drugs — its a cosmological Law of Attraction, that we manifest whatever it is we generate most of our attention upon. If the psych industry was designed to apply therapies to cure mental illness, then its designed to fail as an industry! Check out some of the statistics at CCHR.org revealing psych industry abuse. Remember what I said about

Education is Key? I had taken all three textbooks with me to class intending to quit at the end of class... but then the professor began class by saying: "I'm here to in-culturate you" ... and that was my cue. Not me, I said. Culturing dysgenic slaves may be your utopian dream but I'll have no part of it. Here's my books — I'm outa here. And away I went. The audacity! Creating a dysgenic culture which my progeny will inherit ... and all I did was walk out? That would be dereliction of duty, wouldn't it? Life has a way of making a full circle — again and again — but I remember my dad's stitches and I continue doing what I can with my 14-Word Pledge: We Must Secure The Existence Of Our People And A Future For Our Children, where ever I can pro-actively.

— IF —

Educated people are as superior to uneducated people, as the living are to the dead!

— THEN —

Education is Key!

P.S.

I will be posting 7 Lessons / 7 Steps in Practical Occultism for readers to consider here during the following 2 weeks.

Parts of it should spark a fire of re-cognition among them who define Occultism: occult theory or practice; belief in or study of the action or influence of supernatural or supernormal powers.— or some secret knowledge of them.

As opposed to the definition of Religion: supernatural constraint.
