"Worthless Physicians"

Lord, you have seen my trouble mind,
they are worthless physicians that seek
to kill me and harm my people.

They are born for trouble, let their
bodies be broken in pieces that they
my turn into a moth, for they love
the evil one.

Lord, how long will you keep the Worth-
less Physicians around?

They have turn to power that they
have used my people in ever way known
to men.

Lord, stop the bitterness of the worthless
physicians.

Lord, give my people wisdom and strength
to come back to you and follow your ways.

Amen.
