To my viewers:

I want to reach out to all immigrant parents who has lost children and ~~and~~ Immigrant Children who has lost their parent or parents. God cares about your needs. I know it's hard when you loose a parent or child due to senseless decision of someone else. pray for your enemy which is our president and his followers. Second pray for him making foolish decision. Don't hold grudges but let God fight your battles. We'll be praying for you all and get the pray team to pray for you all. I know it's hard I love you all America, United Nation and continent and all the country I don't make me mention. Keep your head up and I just believe a better is coming. We got to keep praying
