

# RANT TO RAVE

I bet you'll thought I'd forgot about you guys on the civil suit Tip-off well... My goal is to build a social support bases to aid me in challenging these civil rights violation. So... Now, I wouldn't... trail out on you like that.

I have frequent seizures and loss of consciousness, numerous times a day and week. The events & experiences on a daily basis is unheard of...

I have legal pleading that I must prepare and file into a Jurisdictional system that has been historically discriminative against African American people. I'm in an environment where everything is monitored, Hack, and censored. I would love to hear from you and respond to you. If they violate my civil rights, they violate yours. I finally found the long arm of the law statute that would help those who send me mail but it has not reach me or some other horror you face. It's RCW 4.28.185. Check it out...

I stay in an environment that a drinking straw is consider illegal and contraband. I was assaulted, harassed, everyday by the entire 2nd & 3rd shift floor staff for saving a drinking straw from the Jewish Passover. I used it daily to drink my fluid. It was seized on 7.28.18 during an X-ray.

The Jewish CO(s) was the worse. CO Ryan Keys, N-Perez badge # 7474 (Not Artero Perez) Todd Guillo and the rest of the so call ethnic CO(s) are the worse. They're not my correctional officials or law enforcement officials. The action and behavior that these individuals conduct against me with the white CO(s) violate and betray the African American culture, struggle and aim of social revolution to obtain equality, independents.

It's my goal to earn fund off my poems and blogg stories to pay for my health care that the state should pay for but don't. And my legal expenses.

Please... Bare with me. Support me.

If you see or hear portion of this story appear else where...
