

E.T. Human Beings

BY: Luis D. Perez

We are foreingners  
visiting the earth  
for 50 or 100 years.

Humans have been transported  
by the love of our parents.  
By reading the Gospel of the  
Redman and the Bible of Love,  
I understand the Revelation.

The Chief and Missionary,  
the following of the Lord  
and the Soul of the Redman,  
I visualizing a message,  
human beings are traveling  
foreigners on earth.

My ancestors' mix  
is found in the rivers,  
and on the mountains  
in the island of Cuba.

I have a blind consciousness  
reached by the books  
regardless of being imprisoned  
in a cage of teeth.

E.T. on me and my ancestors'  
mix is also in you!!
