

## The misplaced vessels

The Georgia Penal system is messed up when it comes to women sex offenders. Everybody has to register as a sex offenders. That is not right. Because everyone is not a ~~pedophile~~ pedophilia. They are registering prostitute et. Children lie about their ages all the time. I can attest to that. I was being molested by my stepdad. I met this 27 years old man when I was 13 years old. I told him I was 18 years old. I slept with him thinking I could run away with him so my stepdad wouldn't bother me no more. Was the guy in the wrong no because I deceived him but when he found out my true age through someone he was mad. He said what are trying to do put me under the prison. He left me alone. My stepdad molested me from the age of 9 to 13 years old. My mom was a nurse. She worked all night. She didn't have no knowledge until I brought it to her attention. Today she would have been in prison. an had to register as sex offender. These women in the Georgia Penal system is doing all their time for sex offense and made to register as sex offenders upon release. Their are barely no half houses for the female sex offenders to parole out to. So this causing them to do about all their time. They may have a fpm or date but have

no place to go. The men sex offenders in Georgia has over 30 halfway house they can parole out to. If this aint sexism and stereotyping. There is no justification for Georgia doing this. It's really sad. Some of these women are good people. They got misplaced in Georgia system. A lot of them are mothers, grand parents, somebody sister, auncle etc. Nobody should misplace any vessel to let them be torn apart and just left them to be waste away like they are nobody.
