

Perennial Plague of our government

Our government has turned into a plague of any afflictive evil, a nuisance, infectious disease and an acute infectious fever. It has turned into perennial - a lasting or shall I say continuing through the years. Unceasing, enduring. Let's cover some trending topic and what my take on these situation.

Fake news: Everytime media brings up Donald Trump or something said or done. It's a witch hunt. But when Hillary Clinton name was being through the mud. It was ok. And when Donald Trump says things about others it's ok. The news is not fake. The person is fake. Journalist don't let nobody ~~no~~ knock you out of your position. Keep doing what you doing. The ones who following behind Donald Trump which is political wrong (Shame on you.)

Putin: Recently God had been dealing with ~~forgiveness~~ me about forgiveness. In spite of what my enemies done to me. The Lord had me to send my enemies cards. In spite of what they said and done to me. Many American, and the people work in the government profess to be a Christian or have some type of religious ~~aff~~ affiliation. God will test you in your belief. Matthew 6:14 For if you forgive men when they sin against you, your heavenly father will also forgive you. But if you do not forgive men their sins, your father will not forgive your sins. At the end of the day Mr. Putin has a soul. When your time to be judge before the Lord. If you don't treat your enemy as the Lord required, you will be judge. Matthew 26:14, 15 even Jesus sat at the table with somebody who would betray him later Judas. Psalm 23:5 you prepare a table before you in the presence of my enemies. you don't my

head with oil, my cup overflow. Why not let Putin come to the White House. Congress what are you fearful of. It's a time for a change with all these Country and ~~American~~ America. All this bickering is hurting the citizens not the leaders. We have lost sight of the real purpose here: Galatians 5: 14, 15 When we believers lose the motivation of love. We become critical of others. We stop looking for good in them and see only their faults. Soon we lose our unity. Have you focused on others' shortcomings instead of their strengths? Remind yourself of Jesus command to love others as you love yourself (Matthew 22:39) when you begin to feel critical of someone, make a list of that person's positive qualities. When problems need to be addressed, confront in love rather than gossip.

Other Countries: I believe many citizens in these countries are jealous of how our voting system and the running of our government. Because the United States has so much freedom. When all they ever known is bondage to another ~~dictator~~ dictator. These people are tired of being in bondage. Personally I believe every country should have freedom of speech and equality. All these old systems needs to go out the window. I am happy to see some countries are breaking down the barriers. Everyone should have a government. Every citizen in every country should have the rights as citizen

- personal security
- personal liberty
- private property and the disposition thereof
- Elective franchise
- Right to hold office unless disqualified by the constitution and laws of that country or state

Right to appeal to the courts
Right to testify as a witness
Right to perform any civil function
Right to keep and bear arms

All citizens are entitled to exercise all their rights as citizen unless specially prohibited by law

Reminder

The country didn't vote for just Donald Trump but others are connected to him that deserves to be in decision making. It's poor frog that don't praise his own. Donald Trump undermine his own people ~~agree~~ agreed with Putin. What a slap in the face. Wow Donald Trump really. Who does that. Same question that everyone else ask. Why was there only a translator in the room? Why is it Donald Trump wants to be friend with Putin? What about the other leaders of the other countries. Is they worthy enough to be called friend?

Tariff

This is shame that our farmers is suffering like this because of some poor choice like Donald Trump. YOU cause these people to suffer. Donald Trump says to be patience. Really ~~crazy~~ craziest thing I ever heard. Donald Trump and all the other countries need to stop the tit for tat. Stop THE Bickering. If you have been taking advantage of America or America has been taking advantage of the foreign countries on trade. It needs to stop we need to prosper together and help one another. This not about who can prosper the most. Cause at the end of the day. Who is going to suffer the citizens of that country or nation, continent. Such foolishness. Leaders such as Donald Trump who has money. He don't know a day of struggling in his life. The

for the leaders in these other countries, nations and continent
It's about conflict resolution. Some of you been fighting
with other countries before I was born 1974. How long is we
going to keep up the foolishness. It's time to move on pull
together stop trying to separate nation and continent and
countries because of what you feel think about your
citizens. This is a new decade and era. 2018. New
beginning, forgiving one another, breaking down barriers,
~~and~~ new unity and flying together. All the strife, deceit
and division goes out the window. We gonna treat others
as we want to be treated, America, United nation and continents
It's not about who can take the most from each other
to be the toughest. We don't have time for egoism. Good
leaders make wise decision that is going to affect
everyone in every area of life. Foolish leaders brings
destruction without caring who they hurt. All these
material things the America president, United Nations and
continents fighting over when you die all the good will be
left behind. So why are we being deceitful in our dealings. If
you die today to someone else is going in your position and
the good's going to remain behind. Proverbs 11:11 Whether we
buy or sell make a product or offer a service, we know
what is honest and what is dishonest. Sometimes we feel
pressure to be ~~honest~~ dishonest in order to advance
ourselves or gain more profit. But if want to obey God,
there is no middle ground: God demands honesty in
every business transaction. No amount of rationalizing
can cover for a dishonest business practice. Honesty and
fairness are not always easy but they are what
God demands, ask him for discernment and courage
to be ~~consistently~~ consistently honest and fair. Let's talk
about some ancient bargaining methods: Gn 23:10-16

GN 23:10-16 The polite interchange between Abraham and Ephron was typical of bargaining at that time. Ephron graciously offered to give his land to Abraham at no charge; Abraham insisted on paying for it. Ephron politely mentioned the price but said, in effect, that it wasn't important; Abraham paid the 400 ~~shekels~~ shekels of silver. Both men knew what was going on as they went through the bargaining process. If Abraham had accepted the land as a gift when it was offered, he would have insulted Ephron, who then would have rescinded his offer. Many Middle Eastern shopkeepers still followed this bargaining ritual with their customers. Four hundred shekels of silver was a high price for the piece of property Abraham bought. The Hittites weren't thrilled about foreigners buying their property, so Abraham had little bargaining leverage. Ephron asked an outrageous price. The custom of the day was to ask double the fair market value of the land, fully expecting the buyer to offer half the stated price. Abraham however did not bargain. He simply paid the ~~initial~~ initial price. He was not trying to take anything he didn't deserve. Even though God had promised the land to Abraham, he did not just take it away from Ephron.

Did you know this about Abraham in the Holy Bible

In Abraham culture, putting a hand under the thigh was how an agreement was sealed or a covenant ratified. To accomplish the same purpose, we shake hands, swear oaths or sign documents in the presence of a notary public.

ICE - How can any judge say they appreciate Donald Trump for how many children been returned to their parents. When he is the problem. Stupid. The people who I want to commend is the people who was their giving money etc and helping the immigrants that was reunited with their children. To the Americans who is going along with this inhumane treatment of the immigrants. To the Americans who is ~~incompetent~~ incognizant why some of these immigrants is fleeing their country. Let me tell this man's story. The individual fled his country because the drug cartel was going to sell his daughter. He fled for safety of his daughter. America you know you would have protected your child. I know I would have. Put yourself in this man's shoes. I cannot understand how can any human put a child in a cage let laughing at the mother who is crying for their child. These children is being served spoiled food. ~~They are being abused~~ They are being abused at these border patrol facility. They are fed as well frozen food, not enough maintenance, sleeping on the floors, being verbally abused, the water contaminated, head lice and nervous stomachs. 700 families been reunited and deported. 400 children remain in custody. 400 of the parents are no longer in the country. 120 parents waived their rights through coercion. They was giving a piece of paper made to sign in five minutes. Sad very sad. I am so embarrassed this is not what the foundation of our country was build on. These people help us build this country foreigners. Very nasty Donald Trump. What kind of people are you. What if somebody took your family (unseparated it) especially your children. You would be ready to destruction or hoping somebody would be merciful to you in the
