What is the most valuable possession stolen from American citizens, world citizens everyday by their government officials...? Give up... let me cloe you in... your identity... your original, first and only name. Yeah!!! You can change it. OR I guess a better word phrase is alter it. But... you can't change it. You can live your life under numerous of aliases... and, in secret. And... I guess life would be good. But you're only living a life of a lie... to which you don't dare give up. The Government... HAS falsely incarcerated me... black my access to the United States Judicial system, with a sophisticated scheme of partiality and biasism, preventing me from obtaining adequate relief FROM the unconstitutionality that is face daily. That unconstitutionality derives from the American social horror which is coined as disparities. Allowing the American social horror to persist, to create the atmosphere desire for you to drop everything and run for your very existants, leaving behind your identity... your-self... you have just been JACK... JACK BLACK... so that can profit off our, mines, your identity that has been incorporated the day of your, our, unpa birth, the profit, resources we should never obtain.

This is what the walla walla superior court judge John Lohrmann, Washington Judicial system, American judicial system and the Department of Correction, Department of Health is doing to me and so many others daily...

For so many... The TRAIL of evidence begins with the 7-30-18 walla walla superior court ruling dismissing my civil complaint and writ of review as patently frivolous under RCW 4.24.430 and Time Bar under 4.16.170.

He granted the motion to waive filing on 2-28-18 based off of the civil complaint and writ of review attach as exhibits (only) to the motion for appointment of counsel (for which he denied) and motion for waiver of filing fees.

This is how it is with me...

The man that they didn't leave behind... just set up by HRS teams... who's behind it... well... I got a good guess or two.

If you find me admitting to any act of crime... it was done under me being force to give a false incriminating statement, OR incriminating statement.

And we don't need to ask why they are doing this... because I have already told you... why...
