Let U N 2 My Heart

Refused to be trapped in loves prison
 made so many mistakes and poor decisions
 that have led me to heartbreak
 my inner wounds are concealed to you
 Numb to the pain of the games that women play
 still I manage to be afraid
 my behavior makes me seem like a player
 avoid commitment cuz I'm scared
 to hurt you so beware
 it's complicated
 and it's normal to get frustrated
 I've been searching for a cure
 someone divine and pure
 to open up my eyes
 Keep me real warm by her touch
 and let me know she's real
 dreams that manifest in the flesh
 hope the mood is set
 habitual sinner between the sheets
 yet the overall winner is you
 cuz I can't be defeated
 you're always running thru my mind
 like marathon love
 just to think that all of this
 started with a crush
 I'm captivated
 How such patience built this foundation
 and now the sky is the limit
 so now we dream chasing
 don't be surprised if you see me
 pulling up to scoop you up with a
 expression on my face like I'm in love
 never admit it
 I'd be a fool since I barely met you

and since I'm thuggin' I got pride
so don't get confused
but still I hold a special place
for you
next to my heart
now it's your mission to get in there
which is
very hard and hard to let you
into my heart
