"Life"

My eyes are closed but I can envision a life
Dreams within my grasp through darkness there's light
Never have I known love as I do this day
Natural, Certain and friendly embracing all shades
It's unselfish, unconditional and not limited to restraints
Enduring each struggle without complaint
I look them in the eye and share the truth
No conflict of interest it's what I knew
I lived and survived against all odds
Many nights I cried until, I couldn't stop
I've lived in fear from circumstances I'd seen
And been so nervous I'd forgot to breath
I've kept moments of violence away from my ~~me~~ family
Running with a Black bloodthirst gang
Not knowing my people needed me and, I
wasn't raise to run with "NO BLACK BLOODTHIRST
ENEMIES OF YAHWEH"
Knowing it would cause more harm than good to share it
But I never stopped believing that I could surely die
And that thought alone helped me to go back to my roots
And it kept me alive.
Life is a wonderful ~~got~~ gift let's not forget
And we learn from things we live to regret
And we became stronger and wiser to our thoughts
And through action's and understanding we change our walk
Then dreams become reality because we pursue
And believed in ourselves and the things we do.
