All inmates are putting large sums of cash into their company. Video visits, music and games. However we learned that some other inmates in another state scandalize some people out of \$250,000. It had nothing to do with our inmate in Georgia and other states. So why is it that the inmates that didn't have nothing to do with the situation being punished. That is a slap in the face for the innocent inmate having to suffer because of somebody else poor choices. I don't believe in the good suffer with the bad. One bad apple spoil the whole bunch. Sometime in life we have to start a new trend. Punish the one at fault so they can learn their own lesson. Every lesson is not for everybody. So as of October 04, 2018. They are putting on the ~~visitation~~ computer your mail person has to be on your visitation. What little freedom you do have prison is snatched because of some foolish person. Which is so ridiculous. This needs not to happen
