

Is the cover up Necessary?

Some cover up necessary. Such as putting on your clothes or a hat when it's cold outside. But some cover up are unnecessary and ridiculous all because the individual are selfish and jealous. People will try to do anything to keep you out of the spotlight. Recently I been going through alot on my job. My co-workers will do anything to be in the spotlight. Do anything to make me look bad. The three individual are doing everything that is wrong under the sun. From stealing, to passing etc. But when the upper staff come around they act like they are the best worker s. ~~and hard workers~~ and hard working people that have it all together. But when the upper staff is not around the one who is costing me the most problem. Is in the closet sleep while we working our ~~butts~~^{butts} off. They have been doing this for a long time. The last girl they treated her the same way. So they been trying me up. I am very humble person but it's matter what I am humbling myself to. In the past the detail got a Centive, ~~but~~ I wasn't present. They didn't say my other co-worker is not

here right now. Can I get her. Give it
to the supervisor on duty in that ~~the~~ area
where work. The main enemy. That was
out for self. God fixed it where my dorm
got centive and the other co-workers
did as well. ~~well~~ She didn't get nothing.
We tried to get her something but nobody
would come up off nothing for her. She
was all sad but when she failed to say
anything about me, I was not sad.
When they done me like that because I
knewed my season was coming. I didn't
complain or I don't never get nothing.
I was humble. Matthew 23:12 for whoever
exalts himself will be humbled and whoever
humbles himself will be exalted. you
see when she got her centive. she was
like yeah I am the ~~best~~ best. Rejoicing
over my ~~misfortune~~ misfortune. But God seen
that I was humble and didn't complain
and get mad. My dormitory that I was
living in hadn't got a centive in a
long time. Because of my pure heart
towards the Lord and my humbleness.
you see I was last thing on the staffs
mind but God put our dorm first to
get a centive. Our dorm was considered
a trouble dorm. Matthew 19:30 But many

who are first will be last and many who are last will be first. God will put you first when your enemy ~~try~~ try to overshadow out of jealousy. Everyday it's something with this one lady who is truly can't stand me. So this she requested through the staff some wax. so the detail can wax this weekend. They gave it to her. I went early to work to get started. I am early bird. I had my music on. My favorite song Hood celebrity (Walking Trophy). I was chilling in a good mood running that emanuel buffy. After 8am. Her she come walking in the dorm ~~to~~ giving orders. First of all I am thinking. You are not my supervisor. The people in uniform is my supervisor. I am peace keeper. With this individual you have to walk ~~and~~ away from her because she is going to keep on with the ~~for~~ foolishness. So I exited the unit and went back to my dormitory. Some adversary you have to say oh you got it. Peace out ~~ya~~ yo! she said in hateful way. I will do the floor. Great I am not going to put with your stupidity. Man, I was chilling and a good mood. She messed up my vibe. But check this out this

Lady can't go home to dry where because of her circumstance. But I been trying to help her. On that level, she is nice to me because it's benefits her, outside that she got to keep me out of the spotlight because she is very jealous of me. You see I am sympathetic when it comes to me as a person. She believed the worst about me. On my job they try to cover up their jealousy but I see it. It very obvious they don't want the staff members to even talk to me or pay me any attention. They interrupt conversation or they something like ~~that~~ here we go in a negative way. They have went and told lies on me. Through all this I been praying and been humble. When I want to say something I bite my tongue. Because it doesn't have to be a battle between me and co-workers. They all ~~can~~ confide in me for advice or help. But I am only ~~beneficial~~ beneficial for that purpose (selfishness (Lamar's)). So I am like how I am I suppose to deal with this. I get question about my every move on this job by these co-workers. We all can be doing the same thing. But when I do what they are doing? Their

is a problem. and they covering up they
messes. what they should be suspicious
of getting caught. So I was reading my
Bible. The Topic was cover up - cover
up - more costly than admitting mistake
1 Chronicles 19. In the course of time,
Nabash King of the Ammonites died and
his son succeeded him as King. David
thought I will show kindness to Hanun
son of Nabash because his father showed
kindness to me. So David sent a delegation
to express his sympathy to Hanun concerning
his father. When David's men came to
Hanun in the land of the Ammonites to
express his sympathy to ~~him~~ him, the
Ammonite nobles said to Hanun, "Do you
think David is honoring your father by
sending men to you to express sympathy?
Haven't his men come to you to explore
and spy out the country and overthrow
it?" So Hanun seized David's men, shaved
them, cut off their garments in the middle
at the buttocks and sent them away. When
someone came and told David about the
men, he sent messengers to meet them
for they were greatly humiliated. The
King said, "Stay at Jericho till your beards
have grown and then come back."

When you're nice and sympathetic to people, some are thankful for your concern. But some will use it to their benefit but they become suspicious especially when they are mistreating you. So they will think you are doing it out of ill will so they feel that they got to keep an eye out on you. You will not get them before they get you first. How many know you have victory over such situations. Let's look back at David's situation. The land of Ammon bordered Israel to the east. The nation had a sordid beginning - its founding ancestor, Ben-Ammi, was conceived through incest between Lot and his daughters. The Ammonites, who were constant enemies of Israel reached their greatest strength in the days of the judges. David was the first military leader of Israel to crush them. They were unable to cause further trouble for many years. Hanun misread David's intentions - you see people will misread your intention. Because he was overly suspicious, he brought disaster upon himself. Because of past experiences. It is easy to be overly suspicious of others, questioning every move and ~~and~~

Second-guessing their motives. But ~~while~~ while we should be cautious and wise as we deal with others, we should not assume their every action is ill-intended. Israelites men always wore beards. To be forcibly shaven and embarrassing enough but these men were also left half naked. Hanun's actions humiliated these men and insulted Israel. This story tied into my situation on my job. The most humiliating and insulting thing my co-workers has done to me, when the upper staff come to work area. They make sure they run back to the scene so they can see them but they make sure I am not in the picture. What they do is we all agree to ~~the~~ leave. They back track to make it seems like I am not part their team. That they are a team of three, I am not a team player. One of my (pet pee) I cannot stand a cover up to make something look like it is when it is not. I can't stand the spirit of cover up and disguise. So what I am going to do about the situation. Leave and get a new job. I cannot grow in this environment. I hope this writing touch somebody life to go to the next level in the career etc.
