happy 2 report that i finally got my hands on the book that i got the I AM WE from. a friend own a copy . did write down the african sentiments that were behind the heart of this quote/motto. took the liberty of putting it in ur journal

i'm doin ok. just tryin 2 continue 2 make right choices. hard when u have 2 b everything 2 urself . quite draining ! still it's all i know. stay up late.studyhard. write my butt off. socialize.retreat.back 2 work! eat. lay down. read. write. search 4 laughter n a reason 2smile n 2 hold on 2 hope. i have no choice but 2 keep goin. quit'n just don't feel right.

lately been watchin an old show "whats happening" it's even funnier now that i'm grown. like 2 that the main character Rodg is a writer... yesterday he even talkd bout writing a tv show. oddly enuff i had those same exact thoughts while watchin a show earlyer ... see what happens

2 those it concerns ...

2day i was surprised at 11:45am with a call 2 what the prison call MOS. thought it was 4 my haircut, or 4 me 2 review my records. but nope. turns out it was 4 parole. so i had no choice but 2 go in there ,with my hair lookin a mess, heart in disarray ,while wearin cornbread stained boots. yuck! i probably still wreaked of the kitchen even. still i couldn't help but smile n b in awe. amazed by god n how he keep me on my toes. the surprise helped me give my anxiety 2 god. no words were there 2 confidently roll of my tongue. all i could do was pray. god speak through me. went without all the accolades i put my trust n hope in, like a vision board that i plan'd 2 finish tomorrow, figure'n i wouldn't go 2 parole till the end of the month.

well when the smoke cleared, we talked bout what i took from the substance abuse programs n from the cognitive programs. i let it b known that i dont need drugs n alcohol 2 like me or 4 others 2 like me ,nor do i ever want 2 drink agsin though its legl. far as thinkin 'a nonthinkin man is untouched by reality' so i overly think

in the end i was told to do 10 more months in prison, which puts my next parole hearin in AUGUST 2019. he also gave me minimum custody. prayin 2 get 2 stf still prayin i get it

good evening precious daughter

how r u doin?

i'm good 4 the most part. just dealn with the close of 21yrs in prison...now it's the star of another one. ouch! each day verbally or silently i scream "GOD I CANT DO ANOTHER DAY HERE. U HAVE 2 DO THIS TIME THROUGH ME.! sometimes i b at wits end not knowing what 2 do . only by the grace of god do i find somethin.

as of late people have been askin 4 my help in various avenue of life. i try 2 b there 4 them within reason. done spreading myself so thin. used 2 come 2 EVERYBODYS rescue but it wiped me out. drained me. mind u the whole time im thinkin im doin the christian thing. but over time gods love 4 me n them revealed that IM NOT THE MESSIAH ... IM NOT JESUS ... Much as i may want 2 save everyone it's literally impossible . while attempting 2 do it though i "lost" myself. does that make sense? now i pray b4 makin any decision 2 help someone or do thema favor. over time what i've learned is - when u always there 4 people they have a tendency 2 put u on a pedastal. thats not good. last thing u want is 4 people 2 b worshipping u. some people can get so used 2 u meeting their needs that they never pray or run 2 jesus with their problems. ouch. now i'm startin 2 encourage people 2 "PRAY ON IT"

see parole again JULY 2019
