B+B,

Enclosed are two (2) photos for my blog. One is current - I am now 53-years old. Even though I hate a photo wearing prison clothes - it is the best I can do.

They only started taking pictures for us about a month ago and it's better than nothing.

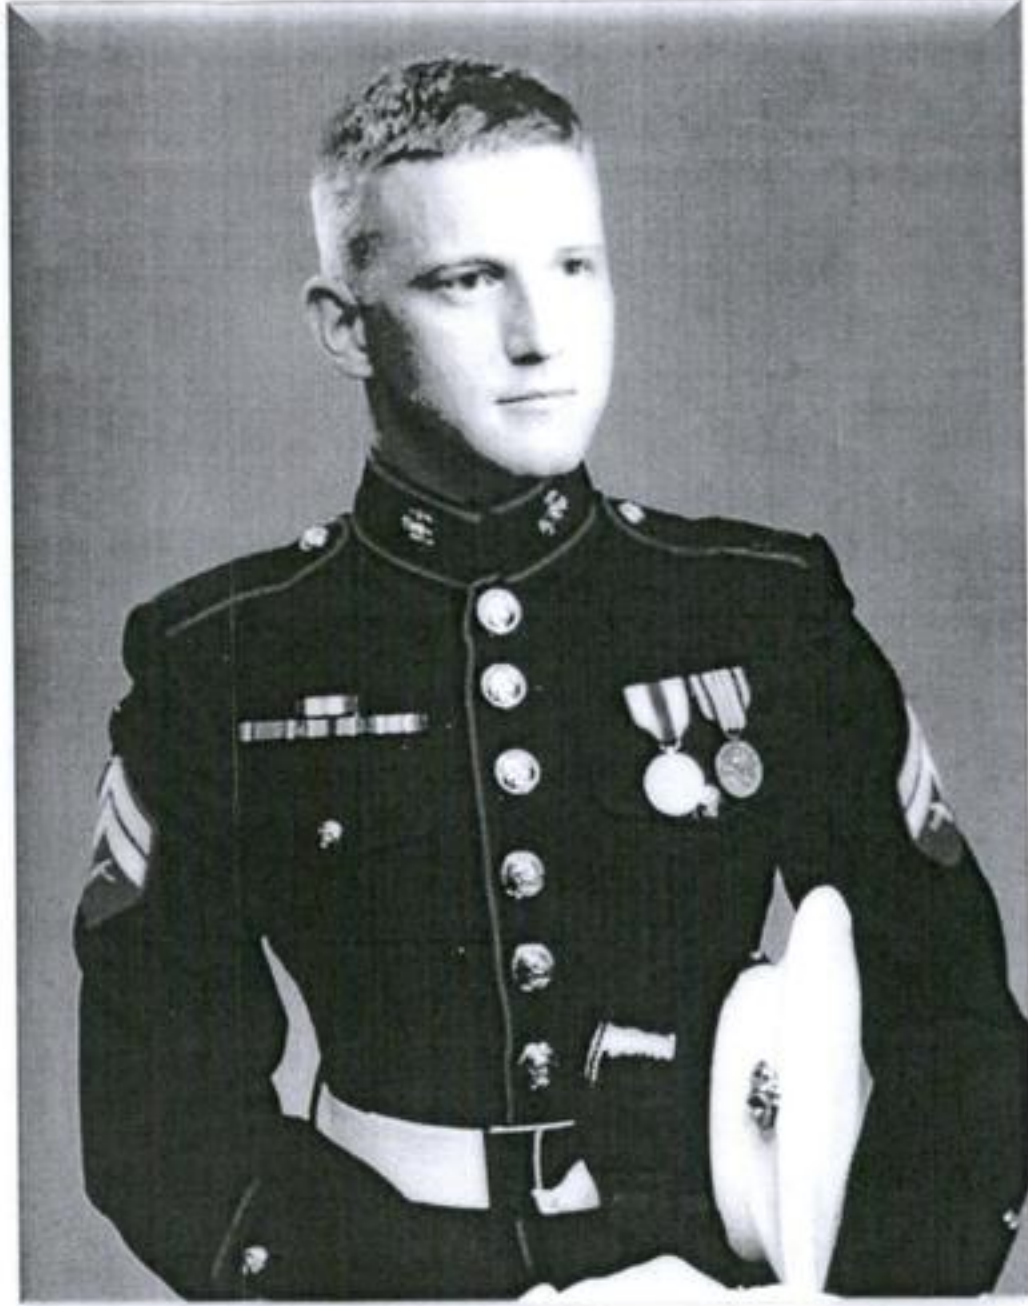

So for all my fans - there is also an old photo when I was 20-years old. Some may recognize me easier this way.

For any enemies - now you have something for your dart board...

May you contract uncurable gonorea and piss razor blades for 10-years...

"Semper Fi" All -

David
