## *"Into The Light"*

*In my mind I am persuaded  
That all people have a dark side  
Some hide in their deeds well  
Showing only their shadows*

*One day they're your friend  
Until money shows its head  
Then they're looking for-  
The nearest thing...  
To club you with*

*Two lies come together forming another lie  
The new lie is more fierce than the parent lies  
The destruction continues, and eventually will come out-  
From the shadows, and into the light*
