

Are you for real?

Say yes I am for real, Brett Kavanaugh denied that he sexually assaulted Mrs. Ford in 80's while in high school. At the time of the incident, he was intoxicated. You have some people on the sidelines saying that was long ago. But the thing is he has had integrity problems the whole while in his career. His confirmation questioning was real tactful because of that because of the decision he has made on past issue. — v. Wade case the abortion rights when it comes to women. A woman should have the right to make their own judgment about their bodies. For the same reason if that sexual assault turned into a rape of Mrs. Ford. She was left with a child that she didn't choose to have. So his news and answer has been conflicting. Very disturbing to a lot of people except for Donald Trump and Republican who want to hurry up in put him in that Supreme Court bench. It doesn't matter if he went to Harvard or Yale. Are has a wife and children. Advancement is nice when use in the correct way. A family is beautiful to have but when it's just a cover up over the real you. Because you want everybody to think you are this wonderful person. It's ridiculous and sad. This man has had integrity problems I say the whole time. The piece of puzzle that is dismantle has been right in your eye sight. My ~~dad~~ stepdad was good preacher worked two jobs. Barber and the Amoco fabric ~~factory~~ factory. We visited sick and shut in. prayed for them. My mom and dad was known as good people in the community/church with a beautiful family. But the secret of integrity of my stepdad he was molesting me. Our integrity is based who we really are in the dark when nobody is looking and decision we make in life. I can remember remember the things I did in my younger days. I was honest with my children. I set down in wrote letters apologizing to people who I mistreated or hurt in the past. We all have a past. Nobody is perfect.

Things are you will to admit it, Apologize to the people you wronged. Most people don't because they are embarrassed of what they may look as hurt. Nobody should ever have to push anybody in a corner to say you know you did this to me. But in life we have Proudful ~~man~~ men and women in the world who can't be honest about what they do or who they really are. Because of feminism of a woman or the masculinity of men. So many times men feel I am the man who going to believe that men even though I did do it. It's my word against hers. The same for women who sexual assault or do stupid stuff. Feel the same as the man do. you do know women sexual assault others right. Better ask the teachers etc in prison for sexual assaulting their students. So in this me to movement. I want us to be aware that ~~men~~ men are victims of sexual assault victims as well. The only thing about me they ~~are~~ are too prideful and shame to come forward. Because it would hurt their manhood. I want to point out because of the social, political and economic equality of being a man and ~~woman~~ woman and your status quo. The stakes are higher for you. The personal interest and involvement is so very important to people. who has to vote you into a office especially when other people lives are involved. Don't expect nobody to perfect. Because Jesus was only perfect one. But the integrity is very import to the ones who vote you in the chair. Because one wrong decision can destroy a person life. Integrity is very important in personal life. The government as well. What is integrity? ~~The~~ Steadfast adherence to a strict ethical code. The state of being impaired: Sounded. The quality or condition of being whole or undivided; completeness. Could you say that about Brett Kavanaugh

Q Donald Trump. Absolutely not. Donald Trump needs to set it down because he himself has taken advantage of women. Stormy Daniels situation she receive death threats. Now Mrs. Ford receiving death threats. How ironic these people was tied to Donald Trump who was connected to Stormy Daniel situation. Hush money or silence. If someone would pay somebody hush money to keep their mouth shut. What other operation they would pay others to do. Some people have money but they use it for the wrong reason, power, and fame and prestige. Wow. Get it like you live, I guess ~~rum~~. The fruit of the problem is that Brett Kavanaugh denies it. Like most people that has pride, Mr. Kavanaugh needs to ~~realize~~ realize Proverbs 16:18 Pride goes before destruction, a haughty spirit before a fall. Proud people take little account of their weakness and do not anticipate stumbling blocks. They think they are above the frailties of common people. In this state of mind they are easily tripped up. Ironically proud people seldom realize that pride is their problem, although everyone around them is well aware of it. Ask someone you trust whether ~~of~~ self satisfaction has blinded you to warning signs. He or she may help you avoid a fall. George Zimmerman is a prime example of what I am saying. He swear he wasn't guilty of killing a innocent child. He gets off. Guess what he denied it but later he was proven to be who they say he were aggravated assault and many other trouble with the law. So if Mr. Kavanaugh is placed

in the Supreme Court seat. Get off with his denial of sexually assaulting Mrs. Ford. What more destruction is going to be done in his life and the Supreme Court to innocent people. The next thing is it's not about his advancement as a person. Who is this man as a person outside being married and having children. Do he still drinks. Get so intoxicated till he still do destructive things. These are the things needs to be ~~addressed~~ addressed before they even think about a Supreme Court seat. It doesn't matter what Donald Trump had to say in this matter because he is very unstable as a president. I briefly want to talk about advancements. Ecclesiastes 4:13-16 Better a poor but wise youth than an old but foolish king who no longer knows how to take warning. The youth may have come from prison to the kingdom or he may have been born in poverty within his kingdom. I saw that all who lived and walked under the sun followed the youth, the king's successor. There was no end to all the people who were before them. But those who came later were not pleased with the successor. This too is meaningless, a chasing after the wind. Advancement or getting to the top is meaningless. Position, popularity and prestige are poor goals for a life's work. Although many pursue them, they are shadows without substance. Many people seek recognition for their accomplishments but people are fickle (Donald Trump, Brett Kavanaugh etc) changing quickly and easily. How much better to seek God's approval. His love never change. Do I think Brett

Kavanaugh should get the Supreme Court seat absolutely  
not. Do I think the Democrats should take back  
the house absolutely yes. I hope everyone go out  
Vote Democratic in every state in the United ~~States~~  
States. Our government is in a world of a mess.
