I can't believe that we are going to give up on our marriage and each-other this close to the finish line! I'm not the other man, Bill is!

I would rather lose you 100% to Bill than keep getting only 10% of you.

I'm sick of the heartache that is involved with loving only a small portion of you.

I have suffered more than enough for abandoning you to raise our two beautiful daughters.

Be happy.
(Smile)

Love and be loved.
(including yourself)

Life is beautiful.
(enjoy it to the end)

I am sorry.
(for hurting you)

Please stop hating me, because it only keeps you chained to the past.

Roland Stoecker.
