Subject: i am we

greetin precious daughter

im ok ur ok . god got us :)

1 thiing ive learned is we can only find tru affirmation from jesus,he may use people like u or myself 2 speak 2 others or vice versa,but we must recognize the VOICE behind the words.. so in god i find myself esteem...my self-worth...my everything... Don't get me wrong god will use human beings 2 speak 4 him,like he uses me 2 speak 2 u. that bein the case...

u r becomin perfect (mature) lil by lil,day by day,moment by moment . jesus love feels good about u cause u love him so very much. he never 4getsvur "much gracias jesus" :) ur spiritually beautiful,have been since 4ever

what's new with me? graduated from A DAD PROGRAM just last night . it was cool learned alot,despite the fact i knew some of the things from researchin fatherhood. wish it would've went a tad bit deeper but what can u do? did meet new people as volunteers came 2 teach us... besides that in the process of sendin out all my writings 4 safe keepin . some are organized as books,some r not. tryin 2 focus on the memoir,as it's harder 2 write then poetry. plus got a few more chapters in journals 2 u of k-graduation

i am we
love dad
