

Brother Outsider

On October 23rd

The San Quentin State Prison's
LGBTQ Spirituality Group
met, and chose the doc:

Brother Outsider

film about the life of civil rights
leader Bayard Rustin to be
the 1st featured presentation of

The Sound Mind Streamer

Plans for the production of a introductory
promotion is now in the works, and
moreover, The Write Or Die Zine Project
is also slated to release a new Zine
issue detailing the process and development
of this historical achievement.

We move in love, and let's
all lead by Creation.
