Subject: Synagogue attack and hatred of Jews

Another sad day for American freedom. A Synagogue attack in Pittsburgh. Hatred of Jews (anti Semitism) is nothing new and a sad story in human history. Religious freedom is one of our American foundations and Rights. If you read the Bible, there are many references to satans hatred of Gods "chosen" people and his ultimate goal to eradicate all Jews from earth. When satan uses Christian's, Muslim's and American citizens, like puppets, to carry out his evil plans...let it be a warning. The very fabric of our Nation, religious freedom, is in jeopardy. Jesus is Jewish! Moses and Abraham are Jewish! Why do "you" hate Jews? If this is you, I hope you do some serious soul searching. If we don't stand together as Americans and defend our freedoms we WILL enter a period of chaos and bloodshed in America. I've seen the hatred rip nations apart in my 6-8 years living overseas and seeing war on the front lines. Trust me, you don't want to see it in America. wdl
