

On 17 Oct. 2018, a man who lived in a cell like this for weeks fatally hung himself. Next day, Sheriff's dept investigators came in - I saw them laughing about it.

Cell 617 of Restrictive Housing Unit (R.H.U.) @ Green Bay Corr. Inst.

width: 6'10"
length: 11'6"
height: 9'

These cells are typically used to hold suicidal, violent, mentally ill, or "manipulative" prisoners. Bars on the sides of the beds allow occupants to be strapped down.

Dried streaks of piss, shit, etc. streak the walls & bed slab.

Behind me, out of view, is a stainless steel shower stall + a sink/toilet unit, which I sat on to draw this.

In Green Bay, home of the Packers, sits max security G.B.C.I., with one of Wisconsin's worst solitary confinement units (R.H.U.) I was sent here on 9 Oct. 2018, after an i/m in W.S.P.F.'s seg unit stabbed me in the back of my head several times, put in the cell I've drawn.

On 17 Oct., an i/m living in one of these cells, fatally hung himself. Self mutilation, hangings, overdoses are daily events. Aaron Pavin went through 11 units of blood in a week from cutting himself. My neighbor, Ronald Walker, is covered in scars from suicide attempts. I/ms yell insults when I try to discuss litigation + a guard named Alan Potts accused me of gang activity for such!

After 24 days, I still haven't been given my legal papers. Admin. complaints are ignored.

Recreation: outside, roofless concrete-wall cells, so high no sun touches us - twice/week, 1 hr.

Food: no fresh fruit; veggies mostly canned; grains mostly refined - I lost 10 lbs since arrival (186 to 176 lbs - I'm 6'5")

Visits: only over T.V. screen, once/week - must call 920-432-3262 + schedule two days in advance.

Medical Care: horrible - vertigo made me fall, hit my head several times, ignored by nurses, denied toradol prescribed by hospital, taken off anti-depressants w/out psych seeing me; psychiatrist + nurses refused to see me b/c I politely asked guards to keep body cams on, to record their misconduct.

Property: no pens (used to cut selves), only rubber pencils. Those who manage to stay out of trouble, go on Admin. Conf., get all of their electronics (T.V., radio, typewriter, razor - I only have a T.V.), can buy some snack food - all can have 8 of their books + 8,000³ inches of paperwork.

Psych. staff only see those who act nuts, attempt suicide. No outdoor view from most cells.

Call in your concerns about my/our treatment at 920-432-4877. Cpt Jay VanLanen runs the seg. unit.

9. In addition to the time I need to prepare the response brief, my legal assistant needs time to proof-read, cite-check, and photocopy the brief. The brief must also go through supervisory review.

10. For these reasons, I request a 43-day extension under Circuit Rule 26, moving the deadline from October 9, 2018 to November 21, 2018.

I declare under penalty of perjury that the foregoing is true and correct.

Dated this 2nd day of October, 2018.

Respectfully submitted,
