

ELECTIONS DAY!

Padre,

How are you? I hope well. I received your comments that you posted on my blog page, this new mail system is terrible. What confuses me is it has already been proven that ALL 6 staff members at SCI Albion lied. Each DOC employee who claimed to have been overdosed by drugs, their toxicology/lab results showed that they had NO drugs in their system. They lied. Most likely they lied for time off. I've seen that alot in my 20 years in here. Lets be straight, staff in EVERY Pa State Prison brings drugs in. They make alot of money but they continue to bring drugs in to sell to prisoners. But all of Pa prisoners suffer for this. The Pa Legislative Black caucus, many organizations in Philly and Pittsburgh are fighting for change. A friend of mine, his wife sent him 50 photo's of their kids form their trip to a florida beach. You can't even make out the kids faces and they were taken on an iphone x, Smart Communications said its not them, its the Pa DOC's inferior quality printers. My parents are gone, both died from cancer in the last 15 months. I was sent 25 photos of my parents before they died, I can't even make out my mom or dads faces in most of them. I was denied the chance to attend my parents funerals. Though I am a model prisoner and I could have raised the money to pay for being able to go, but I was told since I am a lifer, I cannot say goodbye to my parents. Philly reporter Samantha Melamed has done an excellent job uncovering the lies that DOC staff have said, this includes Secretary Wetzel. Sec. Wetzel first said he wanted to take away our mail all together and sell post cards for us to write on and thats it. But he knows other states have tried that and lost so now they try to screw everyone over because of less than 1% of Pa prisoners? More staff brings drugs in here than prisoners. You mentioned Ellen, do you mean Ellen Melchiondo? If so, yes I know her. Where is your parish padre? I am catholic, not practicing since my mothers death but I am still a catholic who has been the president of the Holy Name Society at St. Dismas Parish in Huntingdon, Pa. Father Aron Magsoudi was my priest. In order to get mail restored padre, you can contact Claire Shubik-Richards, she is the executive director of the pa prison society. Go to [prisonsociety.org](http://prisonsociety.org) for more info. You can email secretary Wetzel yourself, his email should be on the doc facebook page. And you can call your local state rep or senator. Send me an email padre and let me know where you are from, what legislative district and I can tell you who to contact but also you can contact State Rep. Jordan Harris, or State Rep Donna Bullock, her chief of staff Thomas is a friend of mine. You tell

them I sent you. Republicans don't care, any democratic rep or senator will do. You can contact Sen. Street. You can call his director of communications, Desmond McKinson, Desmond knows me very well. 215-227-6161. The only way to fix this is for society to speak up with us. Email the reporter Samantha Melamed, smelamed@philly.com She is a good person. Who is your Bishop? Ask your Bishop of the diocese that you're in to speak up for us all. All of this matters. These changes happened because staff lied. It was just like the boots, one troubled young inmate got into a fight with an overly aggressive staff member, they fought and the inmate wouldn't stop and he kicked the staff member who died from his injuries in the hospital. What do they do? Took everyone's boots. I sent mine to Michigan so they could be donated to a homeless shelter. But now, we have no boots for going outside in the snow or rain. They didn't take away the black batons from staff when the guards at SCI Pittsburgh were sexually assaulting mentally retarded inmates with the baton. Sure they were fired but they still have them and use them as weapons against inmates. Let me tell you, if guards' lives were on the line like Wetael lied about, they wouldn't come to work in this prison and spend most of their shift sleeping. I will assist you in any way that I can padre. Please feel free to email me, I will get it a lot quicker than regular mail. My people in the street will forward it to me within 1 day. its robertpezzeca@gmail.com

Take care and I look forward to possibly working with you.

Sincerely Grateful,

Rob
