hello priska how r u?

i'm doin ok,just getting over all the things i had 2 go through 2day. despite my humanity n my best efforts 2 remain human ,i was reminded that i'm a prisoner -1st- n that all my words actions body language attitude thoughts reactions stares looks silences pauses pondering writin possessions etc will b filtered through the fact that i'm a Prisoner . this truth means i'm subject 2 fake news n misunderstandins n misinterpretation . will i win 4 losing ? hope so...
