Dave,

It is good to hear from you let me ask a few questions, Did you know?

1. Gary G. went to prison for choking his girl in the field across the street from lions park before this happened?
2. He tried to get rough with Jen W. up on the lookout
3. On the back of the cards I passed out on Mandy's was a number which means she saw someone after me and she said she saw Gary and Mandy not me.
4. No DNA anywhere and if she would have scratched it would have been under nails
5. How did I get to Hemet and get other person without a car.

I told you and Michell what I was afraid of and it happened. Last but not least if I did all this and police question me and let me go why didn't I run? You knew me growing up was I ever mean or out of line with any one?
