"As It Should Be"

*A full wind, twisted & turned
Leaving leafs laying where the ride ended
There a pheasant nests quietly on babies
Waiting to take their first breaths of air
Spring seems to smile
When everything is a new
Couples out walking hand in hand
Enjoying each others company
While laughter fills the air
Ducks quack in unison
Begging bread from a family picnicking
The night time globe appears in the sky
Giving rest to the weary eyed
Everything is as it should be*
